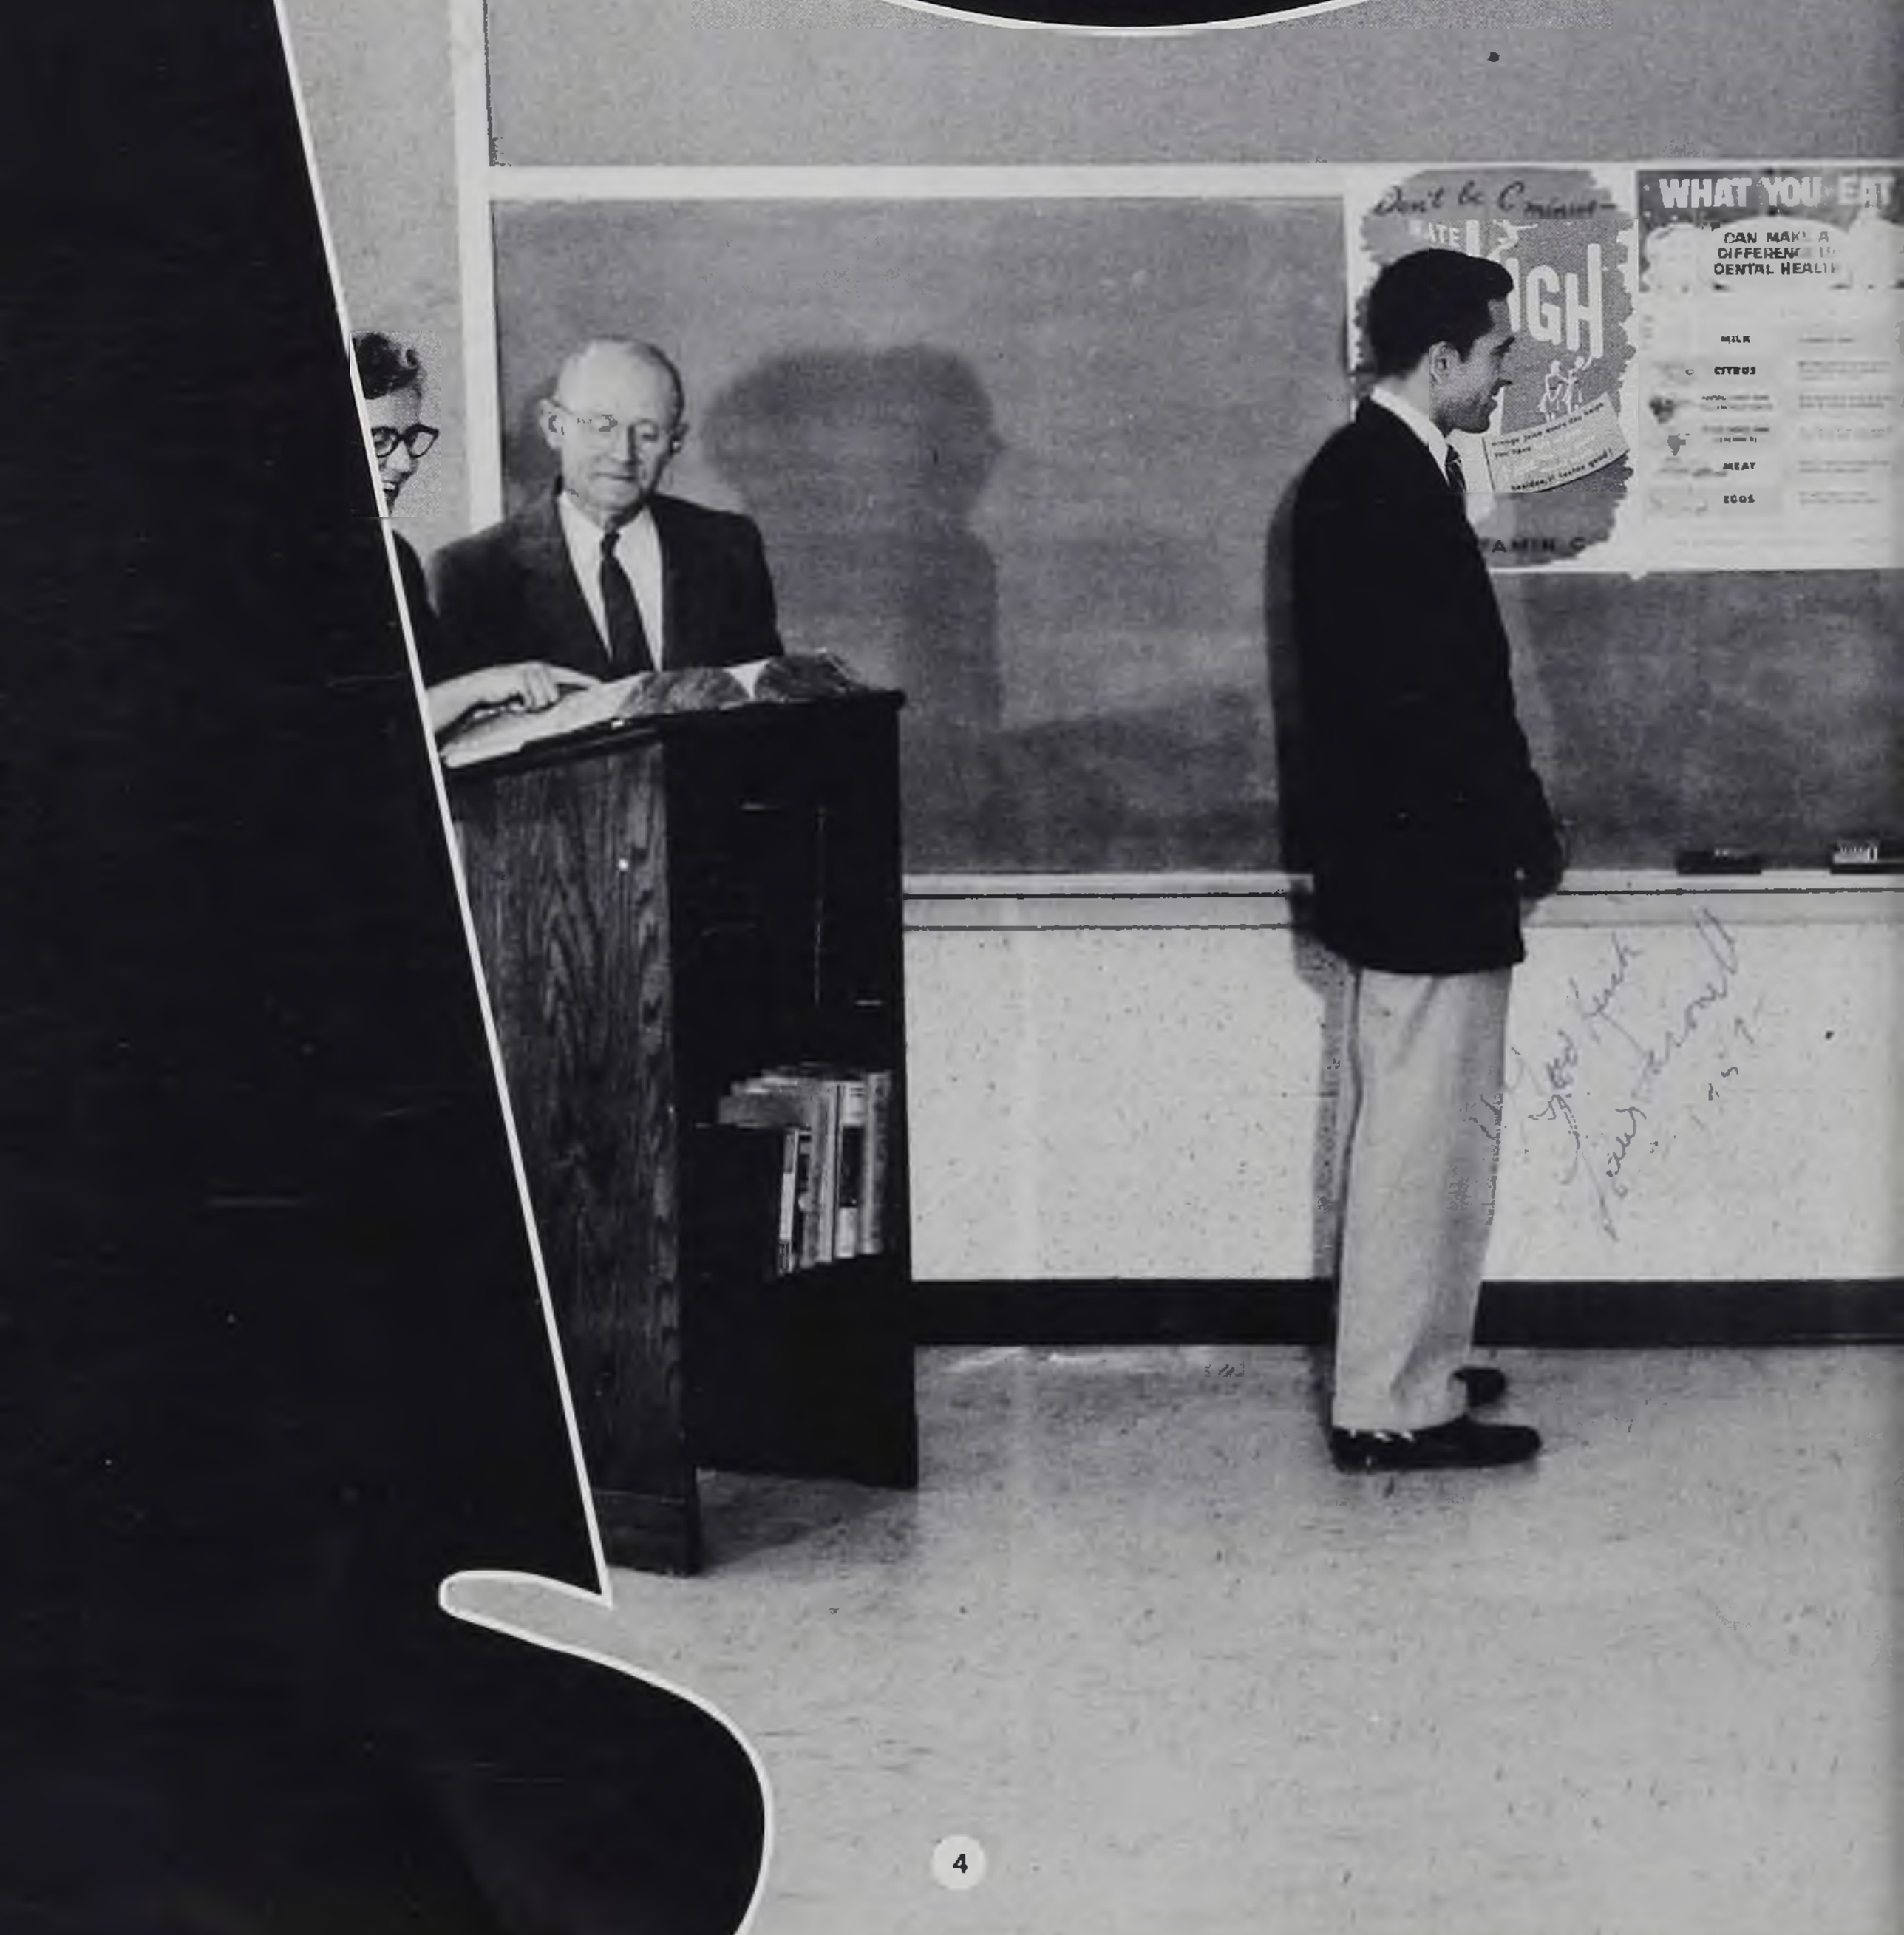
Dyer High Sets the Stage

The stage is set for another year at Dyer High. In the pages to follow, we have captured the most memorable scenes from a star studded year, and our cast of characters will recreate these outstanding days so that you may have a permanent record of this eventful year. The Echo Staff is the director of this production, the faculty and students make up the cast, and the classrooms and athletic field provide the settings. The panorama of the year's events follows, and the 1957 Echo Staff hopes that it will give you reading pleasure for many years to come.

The Curtain Rises



on our Faculty

Administrators Direct the Show

Mrs. Vivian Voreacos, dean of girls, and Mr. Fred Jones, assistant principal and dean of boys, have guided many students through a happy and successful school year. Mrs. Voreacos is also the head of the social science department and teaches civics to all seniors. Mr. Jones trains students in the art of drafting, and, together with Mrs. Voreacos, sponsors the Student Council.

Vivian Voreacos

Mrs. Lela Howell has served as office secretary for the past two years. She is keeper of records, writer of checks, maker of announcements, issuer of supplies, answerer of the telephone, and other things too numerous to mention.

Lela Howell

George Bibich

The drive and energy of Mr. Moriarty, township trustee, and Mr. George Bibich, principal, made 1957 an outstanding year. They played the principal role in securing the long awaited new building, and in obtaining the change in the school's rating from a Certified to a First Class Commission. Under their leadership, there is no limit to the progress the school can make in the future.

Faculty Plays Stellar Role

The vital and significant role that our country plays in the history of the world means that now more than ever before students must know the background of every nation, in order to understand what is happening today. MR. ROBERT MYGRANTS and Mr. GLEN EBERLY teach United States and World History, using maps, news films, current event magazines, and panel discussions, as well as standard text books. Mr. Mygrants also has two classes in boys' physical education, and is the head basketball coach. Mr. Eberly is head baseball coach and still finds time to sponsor the Lettermen's Club and give an assisting hand wherever needed.

Good Luck, Lily,
Bmygrants

The interest shown by Mr. Eberly's sophomore history class may be due to the fact that text book study is supplemented by reports on the lives of colorful, historical people, debates on decisions which have changed the course of history, reviews of historical novels, and analyses of world problems today.

Teachers Train Minds And Bodies

Kermit Kerns

In addition to their full teaching schedules, the science teachers at the left take an active part in the extra curricular program. Mr. Kerns is the athletic director and sponsor of the sophomore class. Mr. Stanley and Mr. Vereb sponsor the science club, and Mr. Vereb is the junior class sponsor.

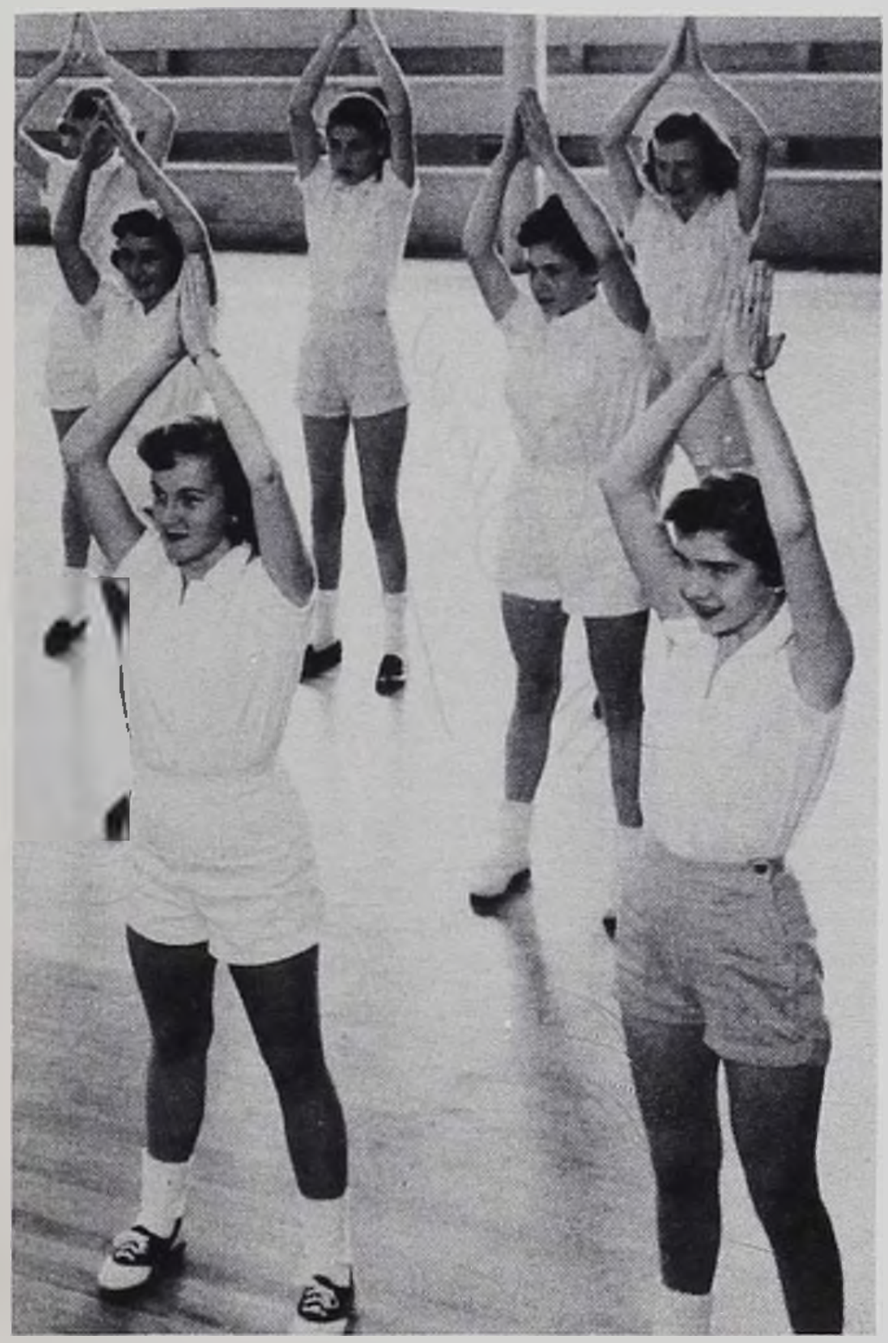
Richard L. Stanley

For the first time in the history of Dyer High School students have marvelously equipped science labatories. The study of biology, chemistry, or physics has become an exciting adventure for the young scientists, and the lab periods are the highlight of the week. From left to right the science teachers are: MR. RICHARD STANLEY, chemistry and mathematics; MR. KERMIT KERNS, physics and math; MR. ERNEST VEREB, biology. Mr. Stanley is new to Dyer this year, coming to us from Iowa State College where he was a graduate assistant. He is a graduate of Indiana State Teacher's College and served seven years in the army and navy, being a member of counter intelligence in the former, and a pharmacists mate in the latter.

Lab periods are eagerly awaited by chemistry students. Here Francis Delinck is watching Diana Duncan and Barbara Brown as they run a distillation.

Commercial subjects are taught by MR. WILLIAM WHITE and MISS BEULAH HUSTED. Typing, bookkeeping, machine operation, shorthand, and salesmanship are all part of the curriculum, giving the student a fine background for employment in the business world.

A few of the girls in one of Mrs. Hoffman's phys ed classes were caught by the camera as they were going through a calisthenics routine.



Classes in physical education and health are under the direction of MR. CORNELIUS VANDERKOLK and MRS. RUTH HOFFMAN. The picture above shows one of the charts they use in teaching that nutrition is a basic part of the health program. Mr. Vanderkolk is the head football coach, and Mrs. Hoffman is the senior class sponsor.

These girls are learning the operation of office machines as a part of their commercial course.

Language Skills And Industrial Arts Enrich Program

Best Wishes, Roscoe E. Protsman

Basic English skills are taught by MR. JOHN PETROF, MR. ROSCOE PROTSMAN, and MRS. DOROTHY AINSLEY. Day after day they strive to increase reading speed, deepen reading comprehension, enlarge working vocabularies, and encourage creative writings. In the picture above they are shown discussing some of the teaching aids they use---books, charts, magazines, and film strips. Mr. Petrof is the freshman class sponsor, Mr. Protsman supervises visual education, and Mrs. Ainsley advises the yearbook staff.

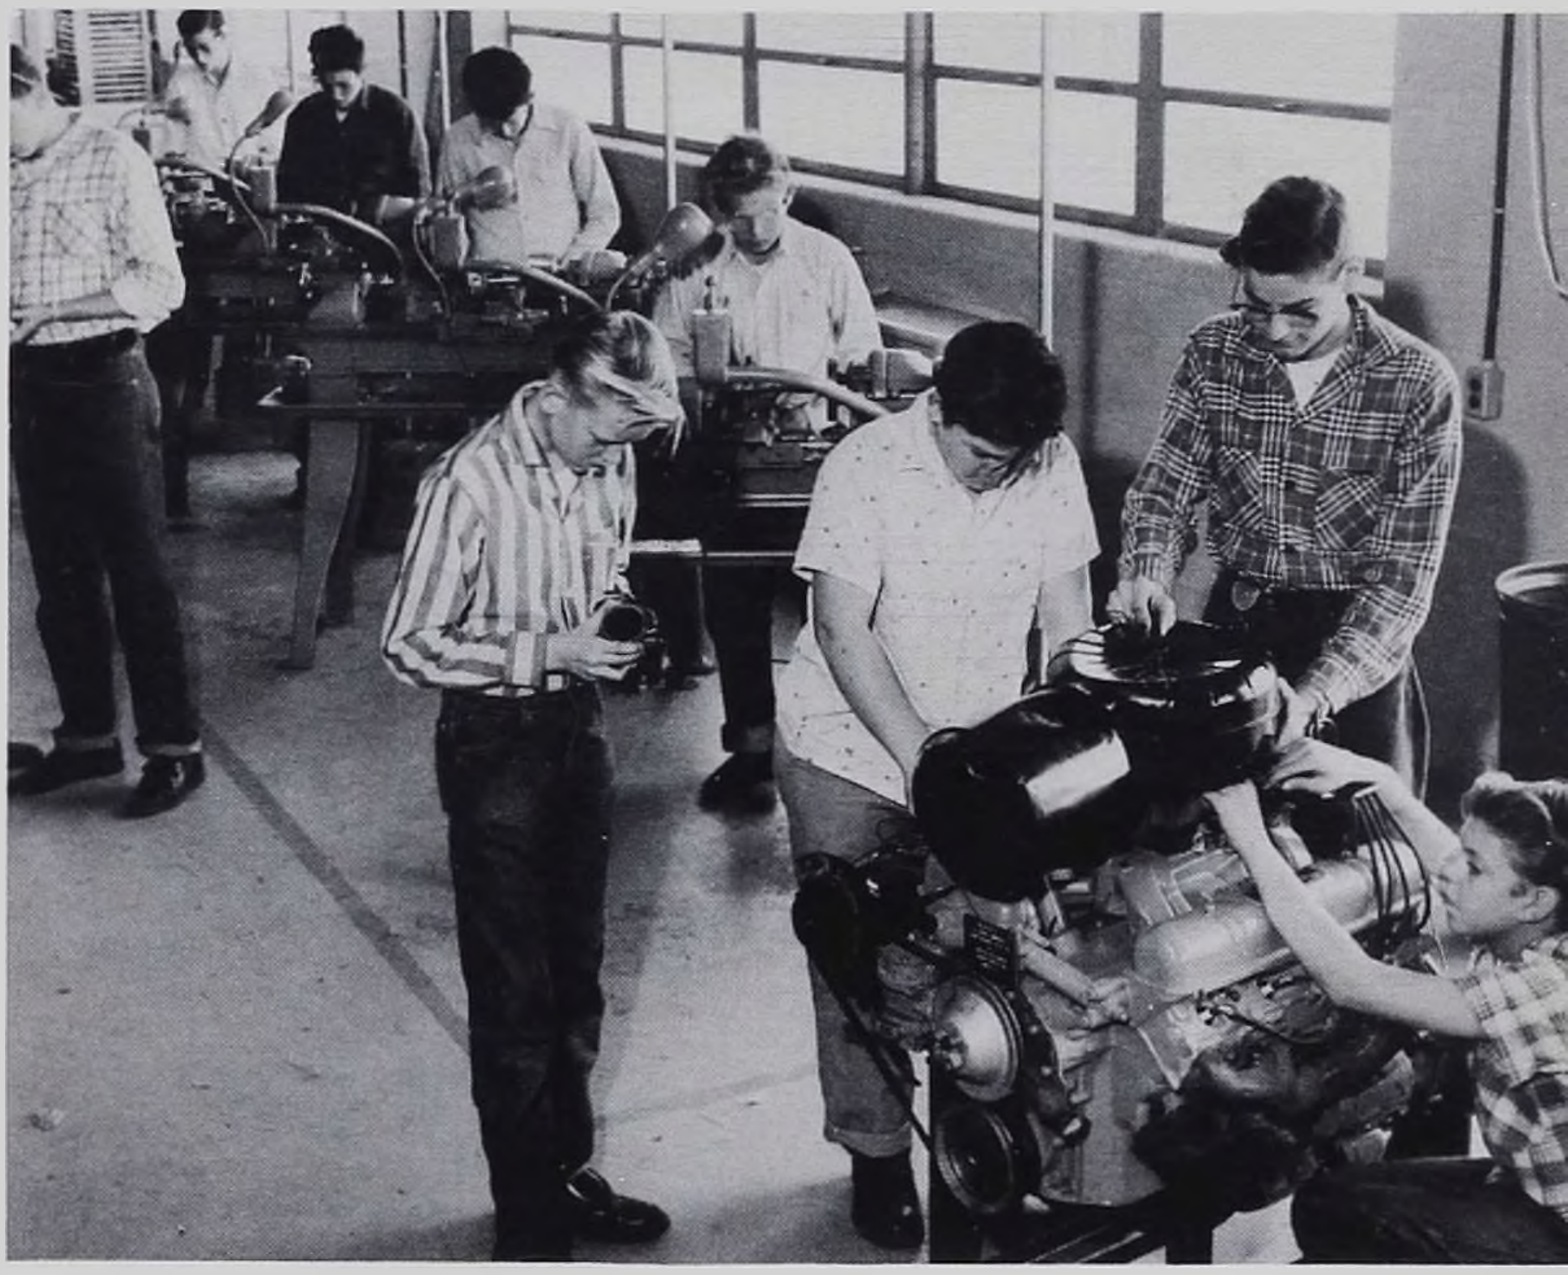
Mrs. Ainsley's junior English classes use a work shop method of study, working in small groups according to interests and abilities. Tables replace the conventional desks, and study materials are assigned according to the ability level of the student. The group pictured here is discovering the many kinds of information to be found in the dictionary. From left to right they are: John Jones, Joyce Lesich, Bill Lewis, and Ann Skapick.

Miss Pierce

Two languages are taught at Dyer-Spanish and Latin. MISS RUTH PIERCE teaches Spanish and is adviser to the school newspaper staff. MR. LOUIS IACONETTI handles the Latin, as well as speech and driving, and sponsors the speech club.

Among the new faculty members this year are two men whose courses appeal to practically all of the high school boys. Even with six full classes in general shop, MR. WILLIAM J. ROUSE, who graduated last year from Indiana State Teacher's College, is unable to accommodate all the boys who wish to enroll in his department. His equipment includes lathes, metal shapers, milling machines, drill presses, joiners, and two internal combustion engines.

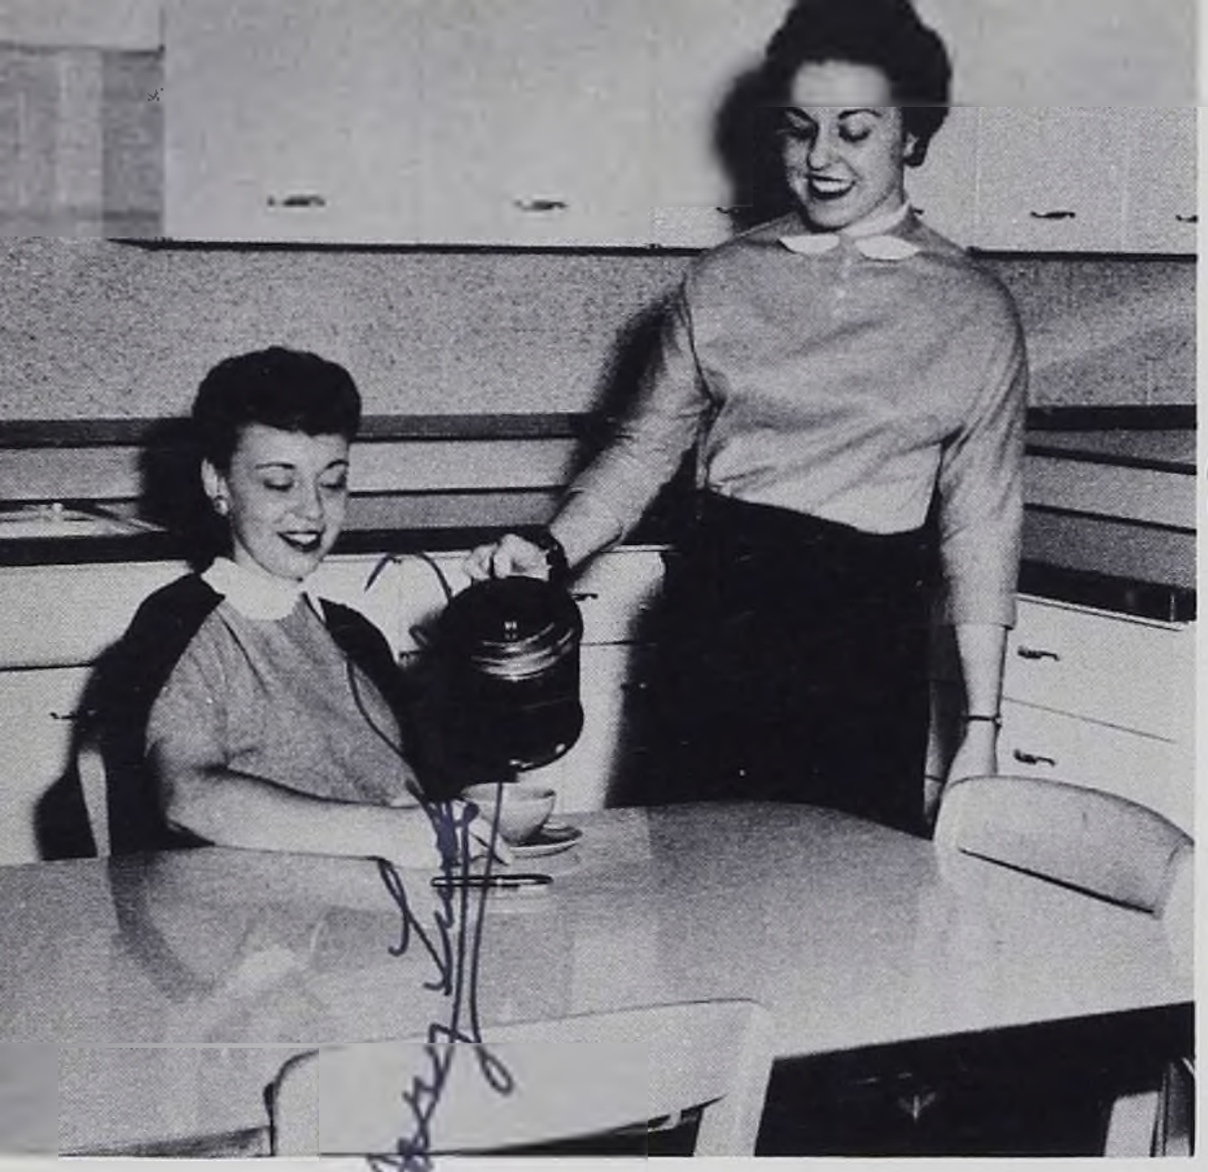
MR. ALBERT MANCHEK, who came to Dyer from Wyoming, teaches art in both high school and grade school and is assistant football coach. In his course he uses the creative approach to art, leading the pupils into an appreciation of the beauty of art and its importance in every day living. Beginning students work first with chalk and crayons, and then advance into more difficult media.



The students pictured at the right are part of one of Mr. Rouse's classes in general shop. Those in the background are learning the possibilities of the metal lathe, making nail punches as their first project. In the foreground, Ronnie Reikelt, Eddie Zylo, Clarence Schelfo, and Darrel Ferguson are making minor adjustments on a 1955 Buick engine contributed to the school by Sinclair Research Laboratory.

This group of boys is learning the essentials of drafting, under the direction of Mr. Fred Jones. The course covers industrial terminology, lettering, blue printing, and house planning.

New Teachers And...



MISS MARY LU KOLB and MISS SHIRLEY HILL, graduates of Indiana University in 1956, are sparkling additions to the teaching staff. They supervise operation of the shining cafeteria and teach comprehensive courses in nutrition and food preparations, selection, construction and care of clothing, grooming, interior decorating, and other related subjects. They also sponsor the Home Economics and Pep Clubs, two lively young groups full of enthusiasm and ideas.

One of the major improvements in school this year has been the installation of a spanking new cafeteria with up-to-the-minute appliances and equipment. Due to the help received from the government school lunch program, colorful and appetising meals are served at a price well below cost. The picture above shows a few of the hungry

This first year sewing class is well started on its first project-the making of blouses, and pajamas. The course includes a study of textiles, pressing techniques, laundering methods, and other phases of homemaking. The second semester is devoted to the planning and preparation of meals.

...Old Courses

students who go through the line every day to get their trays which are filled by student help. The cafeteria force, supervised by Miss Kolb and Miss Hill, includes two full time cooks, Mrs. Cathey and Mrs. Dinges, and student helpers.

It has long been the goal of the school administrators to have a full time, registered librarian, and this year the goal has been achieved. MISS KATHY ARBUCKLE (left) was graduated from Indiana University in 1956, and is sharing her knowledge of library science with the Dyer students. Under her supervision all of the books in the library have been discarded or repaired, reference material has been augmented, and a large number of new books has been added. The music department is headed by MRS. MARIJUNE FIANDT (right) who received her Bachelor of Music Education degree from Indiana University.

Mrs. Fiandt divides her day between grade school music supervision and high school classes in vocal and instrumental music. One of her favorite groups is a class of seventy-five young musicians from grades 5 through 8 who are studying all the band instruments. Eventually, they will constitute a spirited school band. During Mrs. Fiandt's first year at Dyer, the number of instruments available for school use has been substanitally increased. The players in the picture at the right are a part of the school band. Those seated are: Alan Betz, Terri Miller, Ed Bowman, Kathy Kirk, Dennis Myland, standing: Roy Bush and David Palmer.

The senior officers, with their sponsor, Mrs. Hoffman, supervised the many activities of the year: selecting graduation invitations; ordering caps and gowns; planning and taking part in the commencement exercises; and presenting a gift to the school. FROM LEFT TO RIGHT THEY ARE: Mrs. Hoffman, class sponsor; Pat Fogarty, Secretary; Lenore Redar, President; Walter Piepho, Treasurer; John Siefert, Vice-President.

We Honor Our Seniors

SALUTATORIAN

As the Echo goes to press, the race between Wayne Hinkle (above) and Susan Full (upper right) for the title of salutatorian is still being run. Not only is Wayne an outstanding student, but he has also been a leader in the Speech Club, a valued member of the Echo Staff, and junior delegate to Boys' State.

SALUTATORIAN

In addition to being in the race for salutatorian, Susan Full has taken an active part in school clubs. She is president of the Sunshine Society, a member of the Echo Staff, and in her junior year she was the Dyer delegate to Girls' State.

D.A.R. AWARD
VALEDICTORIAN

The D.A.R. award is given to the senior girl rated highest in dependability, service, leadership, patriotism and scholarship. Barbara Adair was chosen to represent Dyer High. Through competitive examination she won the county title and is being considered for state honors. In addition to winning the highest possible scholastic honors, Barbara has been editor of the Comet, the school newspaper, and has been active in club work.

HOMEMAKER OF TOMORROW

This award is won by taking the Betty Crocker Homemaker of Tomorrow nationwide test. All the girls in the home economic classes are given a chance to take this test. The person with the highest score is named the Homemaker of Tomorrow. Sandra Piper won the Dyer title this year.

GIRLS' STATE DELEGATE

On the basis of scholarship and character, Diana Duncan, junior, was chosen to represent our school at Girls' State. Each year delegates from all high schools spend two weeks on the campus of Indiana University, organizing and running a mythical state.

The Curtain Rises

on our Underclassmen

The aggressive and efficient officers shown above piloted the junior class through an unusually successful year. They are: Diana Duncan, President; Sharon Dewes, Treasurer; Sue Plimpton, Secretary; Jim Tewell, Vice-President; and Ernest Vereb, Sponsor.

The hands pictured above might belong to anybody, but the rings prove the owners to be proud members of the class of '58.

As frosh at Dyer High
We were both young and shy.
And studied very hard to make the grade.

In September, 1954,-----frightened little freshmen walked through the doors of Dyer High, and started the four year climb to graduation. We stuck pretty close to our books that year, but our biology classes took a trip to Chicago where we toured the Field Museum, the Aquarium, and the Lincoln Park Zoo. We eagerly entered our pet projects in the Science Fair, and some of our entries were sent on to the district Fair at Chesterton, Indiana. At our class meeting we elected Bob Kilander, President; Roy Segert, Vice-President; Kay Bly, Secretary, and Mary Templeton, Treasurer. Karen Dutton was our candidate for both Homecoming Queen and Sunshine Queen.

As sophs we wanted fame
And worked to make a name.
Our plans for future conquest soon were laid.

We started our second year by electing class officers, selecting the colors for our sweaters, and ordering our class rings. Black and white proved very becoming to President Francis Delinck, Vice-President Tom Jostes, Secretary Judy Stark, and Treasurer Ron Hanson. We really took over at Homecoming that Year. We were proud when Tom Jostes and Judy Stark were elected King and Queen, and we became down right conceited when our homeroom floats won first, second, and third prizes in the parade. We made a name in sports, too. Our boys were beginning to show their ability in football, basketball, baseball, and track. Both boys and girls won top honors in intramural tournaments. Last but not least of the year's honors was won by Judy Norris who, as Miss Sunshine, was crowned Queen of the Echo Ball.

Our junior aim was cash;
We earned it in a flash,
The prom and banquet bills could now be paid.

Selling candy was the main project of our junior year. The girls in charge of candy sales were Judy Stark, Sandy Krager, Sharon Dewes, and Kay Bly, although everyone helped sell. Our dances, after games and otherwise, were another source of money, and we sold countless cases of cokes at athletic events. Whatever the project, Mr. Vereb and Mr. White were right there, helping at every turn. As juniors, our class officers were: Diana Duncan, President; Jim Tewell, Vice-President; Sue Plimpton, Secretary; and Sharon Dewes, Treasurer. Again we were proud, but not surprised, when our candidates, Larry Rosinko and Delores Weis, became Homecoming King and Queen. As the ECHO goes to press, our plans for the banquet and prom are being completed, and we expect them to set a new high for gaiety and originality.

Next year will be our last,
And then, though we'll have passed,
The memory of us will never fade.

As we go on our way,
We build a brighter day,
Our debt to Dyer High will have been paid.

The Curtain Rises on our

Activities and Organizations

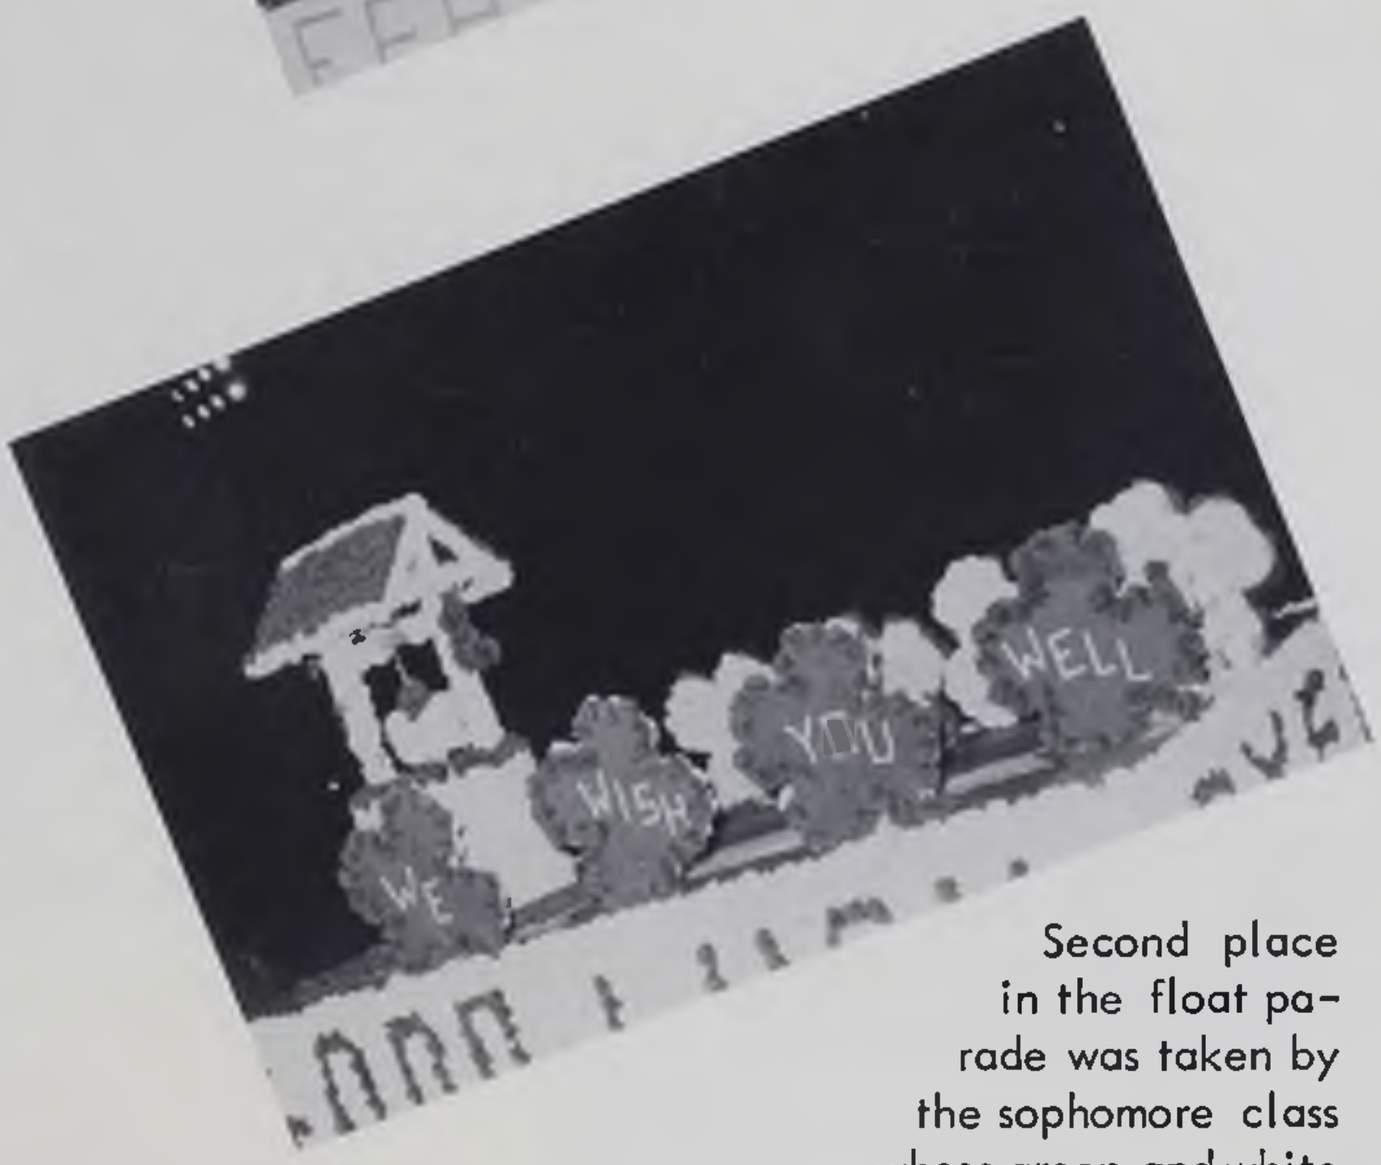
Homecoming Schedule Includes Rally, Game, And Dance

The star studded event on the fall social calendar is always the dance which follows the Homecoming rally and football game. This year after the victory over Howe Military Academy the king and queen, with their attendants, reigned over the high spirited dance in the gym.

In the picture above, the honored students are: Clara Roe and Harold Hilbrich, freshmen; Linda Lawroski and Jerry Hilbrich, sophomores; Donna Newlin and Bill Downing, seniors; and Delores Weis and Larry Rosinko, juniors.

First prize in the Homecoming parade was won by the seniors with their float representing an over sized meat grinder making Cadet burgers out of Howe Military Academy, the opposing team. Jim Gerlach is turning the crank while seniors Margie Patnoe, Gloria Hutchings, and Lenore Redar happily munch on ground enemy.

The king and queen, Larry Rosinko and Delores Weis, are shown here in an informal pose as they watch the leaping flames of the bonfire.



Second place in the float parade was taken by the sophomore class whose green and white wishing well was beautiful as well as appropriate.

Coach Vanderkolk introduces the football team to the crowd at the Homecoming rally, and prophesies a decisive victory against Howe Military Academy on the following day. So successful was the rally, in filling the boys with the will to win, that the game ended with a 46 to 0 victory, and a wildly cheering crowd of spectators.

Athletes Need Cheerleaders

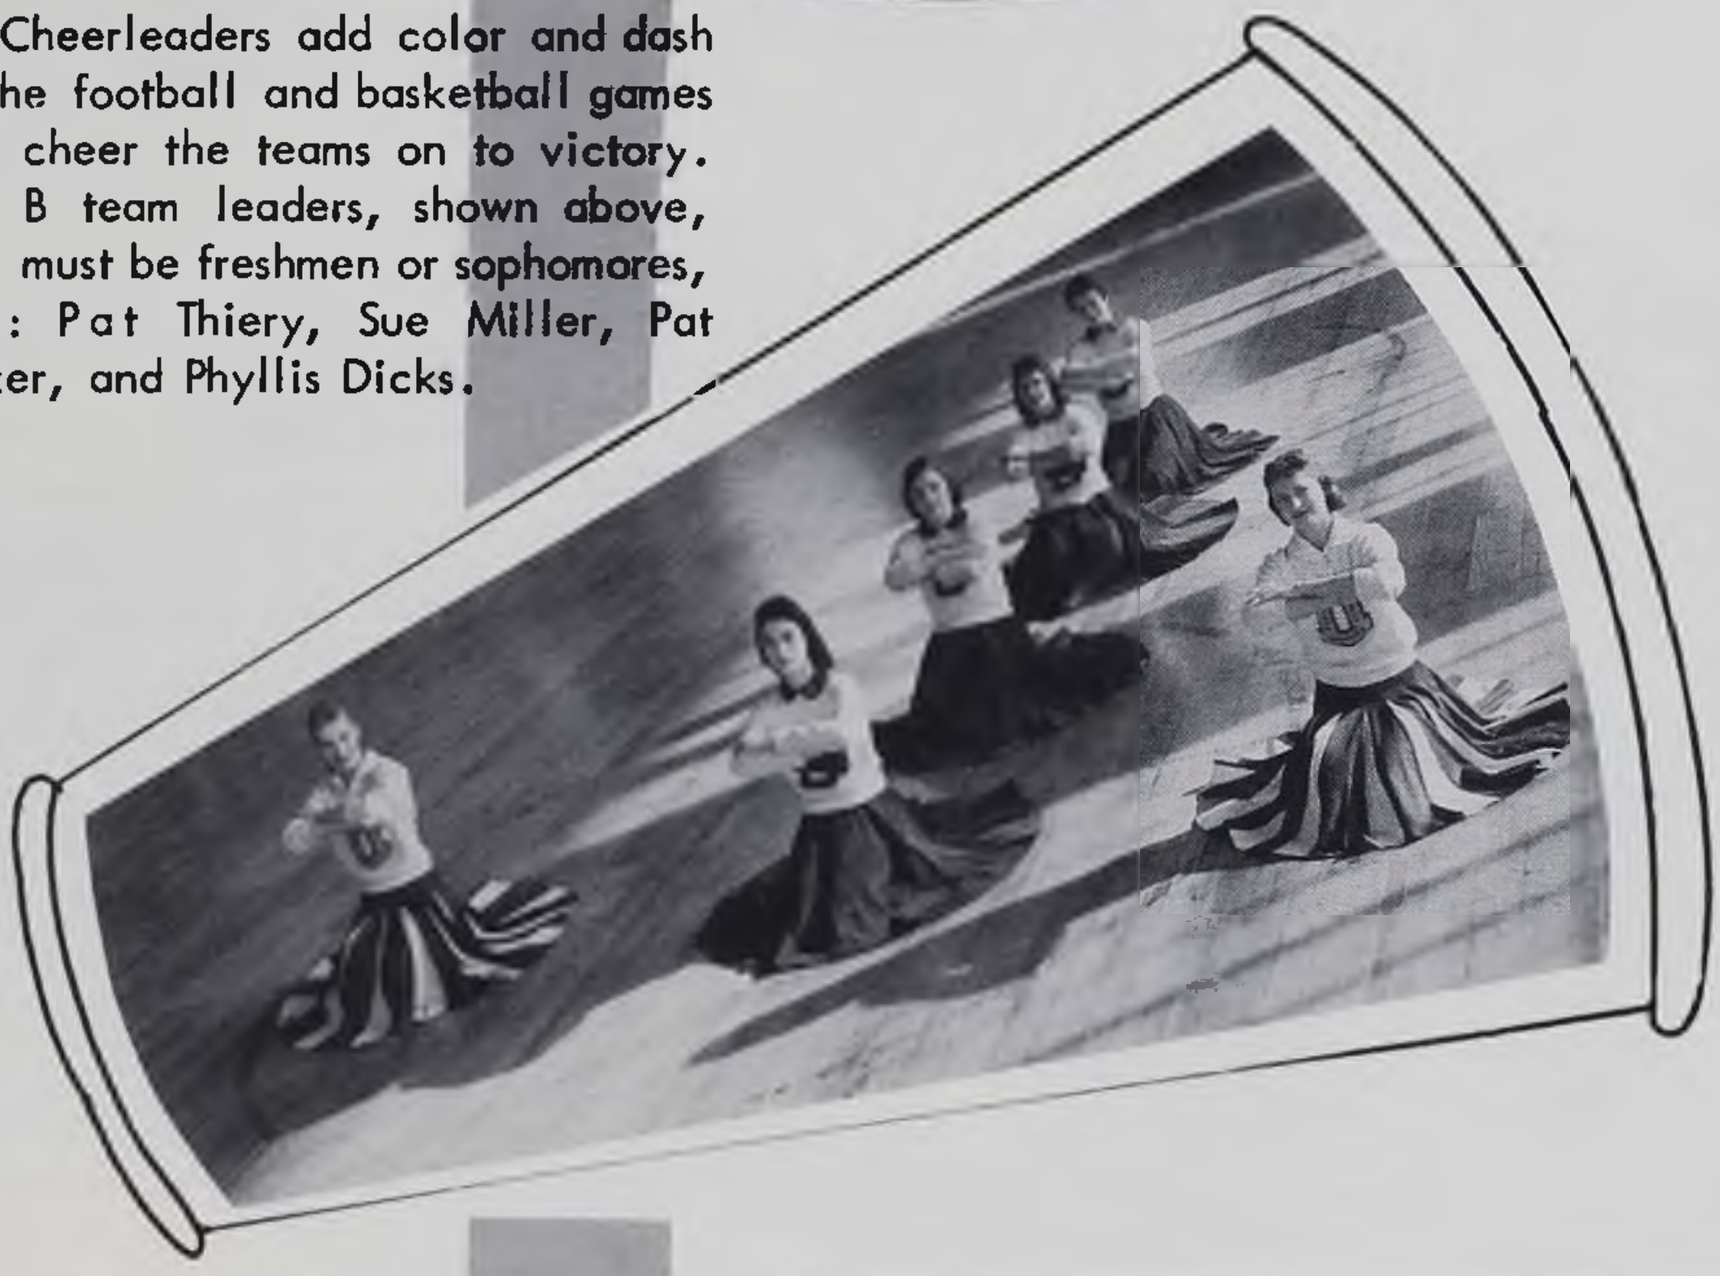
Junior Vivian Britton, captain of the cheerleading team, and senior Dan Jostes, president of the Lettermen's Club, have done much to heighten our school spirit. As one faculty member said, "They are as effervescent as a Seidlitz powder."

TOP ROW: B. Swinford, R. Hanson, T. Freeman, T. Thiery, R. Balcerak, J. Patchman, P. Burke, D. Jostes, T. Jostes, H. Gerlach. SECOND ROW: L. Rosinko, B. Kilander, J. Topa, J. Peifer, J. Morley, D. Hanson, B. Rakoczy, J. Tewell, B. Pepkowski, B. Schwenke, D. Nondorf. THIRD ROW: R. Light, J. Allen, T. Miller, J. Young, D. Friedrickson, W. Zidanich, H. Hilbrich, J. Schaefer, A. Pepkowski, and Mr. Eberly, Coach.

Any boy may become a member of the Lettermen's Club by earning a major or a minor letter. A major letter is awarded for participation in basketball, baseball and football, and a minor letter for track, cross country and golf. The club sponsors the Homecoming game and ball, and helps in other ways to raise money for the athletic department.

To win a jacket an athlete must earn two major letters, or one major and two minors, or four minors in the same sport. One of these letters must be earned in his senior year. The chevrons show the number of letters the player has earned in a particular sport, and the small emblems inside the letter indicate the sports in which the letters have been won. Pictured at the right are: Vernon Roe, Bob Pepkowski, Ron Balcerak, Dan Jostes, Coach Eberly, Herb Gerlach, Tom Thiery, Jack Morley, and Wally Zidanich.

Cheerleaders add color and dash to the football and basketball games and cheer the teams on to victory. The B team leaders, shown above, who must be freshmen or sophomores, are: Pat Thiery, Sue Miller, Pat Barker, and Phyllis Dicks.



The A and B cheerleaders, who occasionally work together, have worked out some tricky formations, one of which is shown at the left. This year the girls were sponsored by Miss Shirley Hill, home economics teacher, who taught them new yells and techniques.

TOP ROW: Mr. Jones, sponsor, E. Bremer, J. Tewell, B. Schwenke, J. Topa, T. Thiery, B. Swinford, L. Jastrzab, J. Seifert, S. Huseman. SECOND ROW: Mrs. Voreacos, sponsor, V. Britton, S. Dewes, V. Miller, B. Ross, L. Redar, W. Horner, S. Piper, C. Smith, R. Lax. SEATED: M. Grove, B. Piper, L. Newlin, T. Freeman, J. Patchman, J. Gilliam, D. Molsoff, J. Schaefer, D. Ulandowski.

An aggressive and conscientious Student Council contributes a great deal to the spirit and morale of a school. Our Council this year has functioned smoothly and efficiently, with its two major projects being the building and operating of a coke bar in the cafeteria, and the compilation of a Student Handbook.

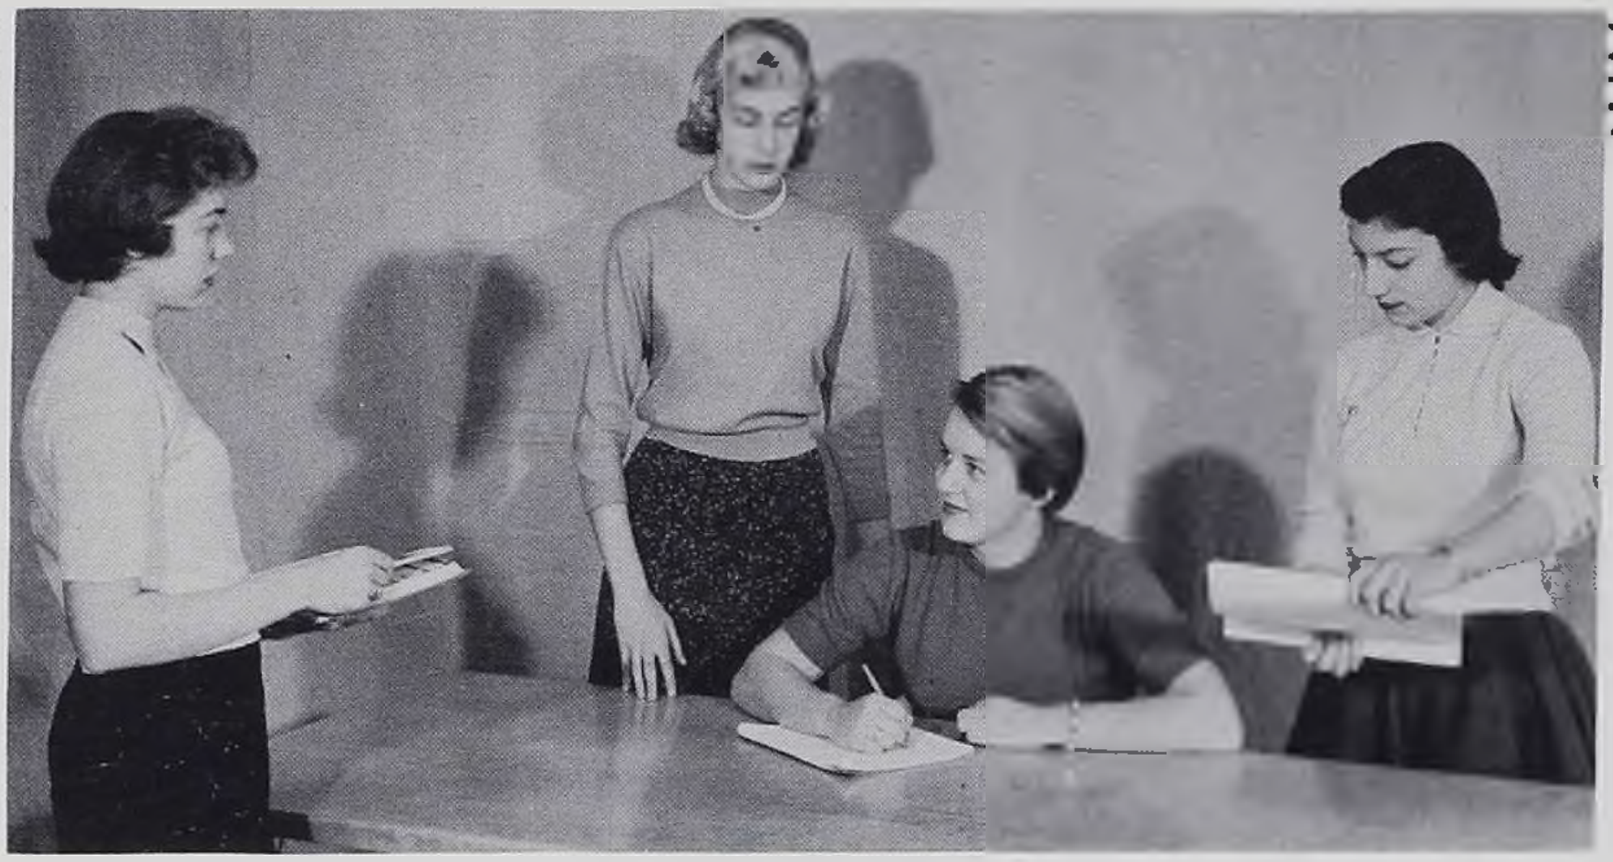
With Mrs. Fiandt as sponsor, the majorettes have developed skill and grace. They led the annual Halloween parade, and twirled a routine for the P.T.A. minstrel show. FROM LEFT TO RIGHT THEY ARE: Janice Czeck, Mary Gaskill, Beverly Fleschner, Mary Long, Anna Shell, and Nancy Glosser (kneeling).

A vigorous and enthusiastic Pep Club is a vital part of school life. Miss Kolb and Miss Hill sponsored this year's club, and organized an effective cheering block. The officers pictured at the right are: G. Allen, Treasurer; E. Bremer, President; B. Ross, Secretary; R. Hanson, Vice-President.

Activities Add Spice to School Life

The Sunshine Society is a state organization founded to give high school girls an opportunity to serve the school and community. The sponsors of the Dyer chapter are Miss Ruth Pierce, Mrs. Ruth Hoffman, and Miss Beulah Husted, pictured at the left. The scene above shows a moment during the initiation of new members. The robed officers are Cora Williams, Treasurer; Susan Full, President; Sue Plimpton, Vice-President; Sharon Hanrath, Recording Secretary; Nancy Miller, Corresponding Secretary. The initiatates are: Linda Newlin, Martha Bamber, and Pat Barker.

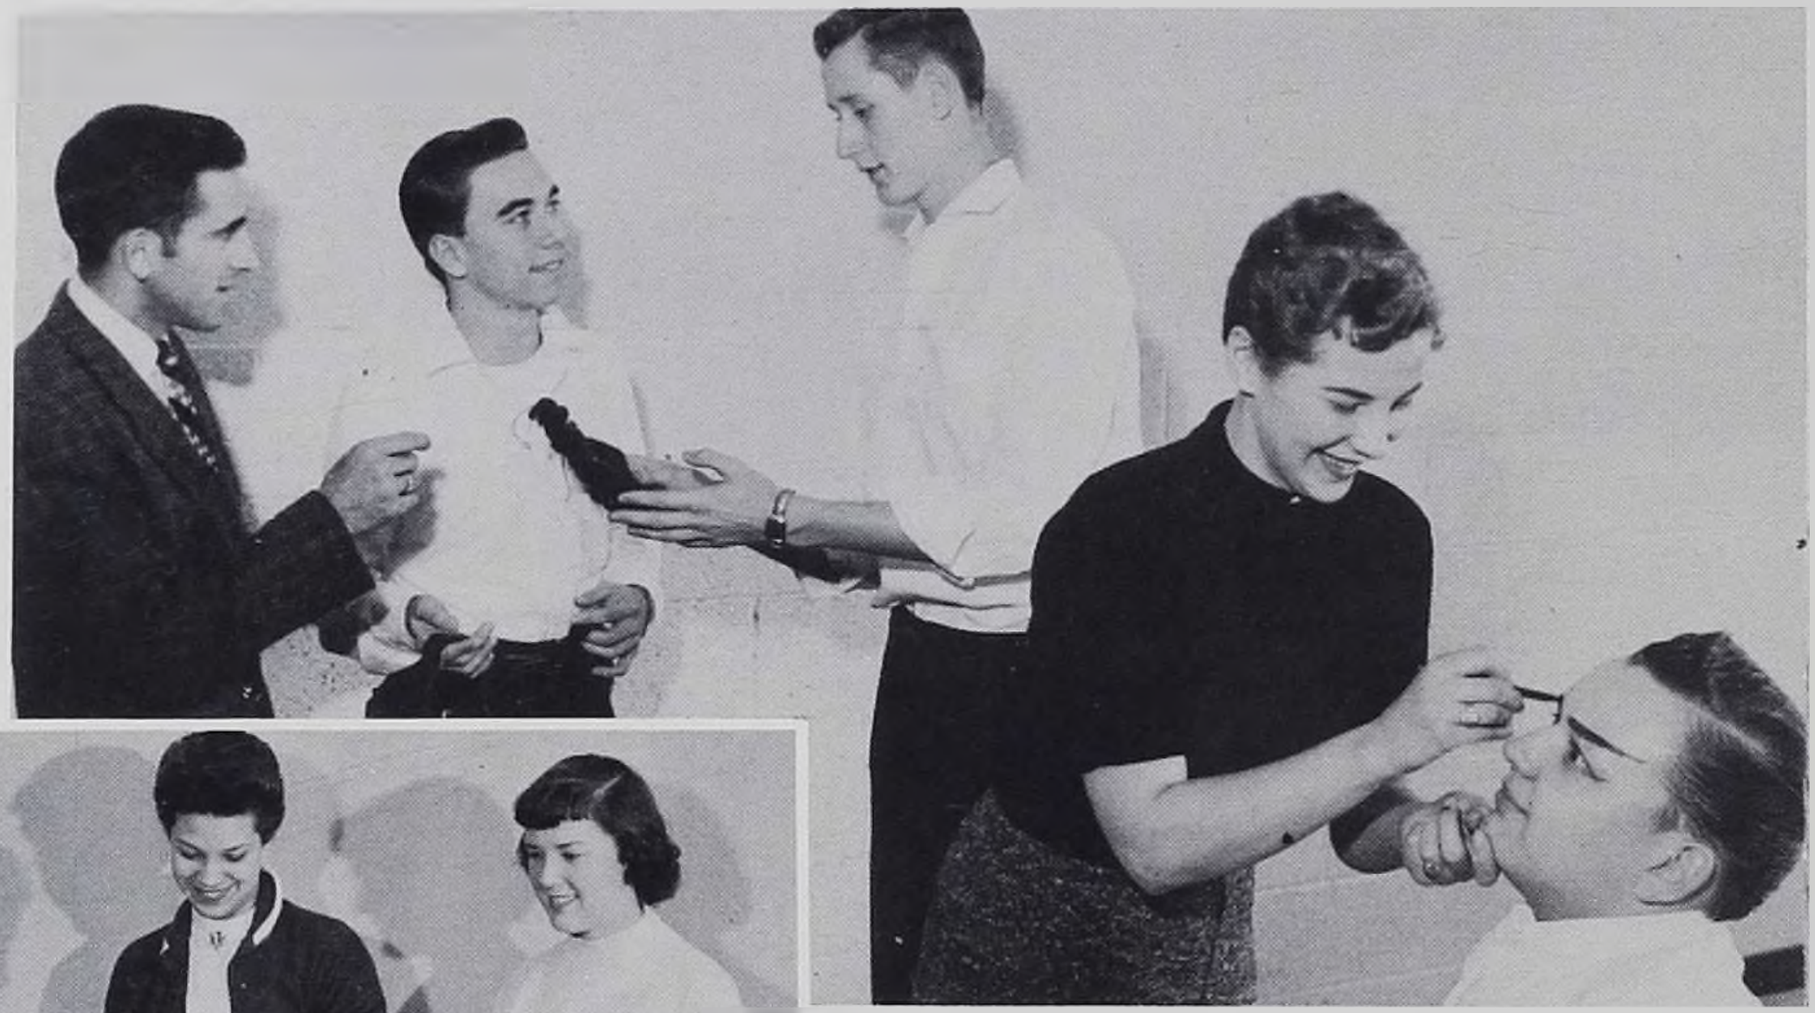
A lively Home Economics Club was added this year to the high school organizations. Its projects included hostessing for the P.T.A. open house, and sponsoring an exotic Hawaiian atmosphered dance. Here the executive committee is arranging a display for the show case. STANDING: Martha Grove, Janet Keilman, Bettie Ross, Cecelia Smith. KNEELING: Sandra Piper, Susan Full, Sharon Bryant..



The Latin Club officers are: Lenore Redar, President; Judy Gilliam, Treasurer; Sue Plimpton, Secretary; and Sharon Hanrath, Vice-President. The Latin Club is an infant organization but a lusty one. Its purpose is to aquaint its members with the lives and customs of the ancient Romans and the profound affect their language has had on present day communication. A Roman banquet was the highlight of the years program.

Dyer Has A Club For Every Taste

The Speech Club adds color to what sometimes seems the dull daily routine of class work by presenting occasional skits and plays. In the picture below the officers seem to be enjoying themselves as they learn the tricks of the trade. Sponsor Mr. Louis Iaconetti explains the application of bearded buffoonery to President Wayne Hinkel and Treasurer John Pearson, while Secretary Donna Newlin makes an oriental of Vice-President Larry Jastrzab.



The purpose of the newly organized Spanish Club is to develop in the students an appreciation of the culture and customs of the Spanish-speaking people, especially those of the western hemisphere. Better understanding of America del Sur (South America) and of the senores and senoritas across the Rio Grande will bring the Americas into closer harmony. The club officers are: Laurie Gettler, President; Peggy Stevens, Treasurer; Nancy Arndt, Secretary. NOT PICTURED, Linda Yates, Vice-President.

Whether it's for readin', writin', or 'rithmetic, the school book store has the needed supplies. Operated by the Commercial Club, this miniature supply store raises money to buy extra equipment for the commercial department. The members are rewarded for their faithful service by an impressive banquet at the end of the year. The alert looking officers at the left are: Pat Gerlach, Recording Secretary; Arlene Piepho, Vice-President; Florence Stamos, President; Eileen Hoffman, Secretary and Walter Peipho, Treasurer.

Commerce and Science

Make the World Go 'Round

Test tubes, Bunsen burners, beakers, pestles--this is the vocabulary of the young chemists in the Science Club. Each member carries out his own project to enter in the Science Fair, and hopes to create something new that will win him fame and fortune. The club officers, pictured at the right are: Lorin Clemenz, Vice-President; Leona Eberly, Secretary; Bill Weaverling, President; and Robbin Burnison, Treasurer.

Mrs. Sophie Dinges and Mrs. Pansy Cathey prepare the tasty and nutritious meals served in the new cafeteria. Day in and day out they bake, broil, and stew trying to keep up with the voracious appetite of the forever hungry teenager.

The Stars

Behind the Scenes

Shown at the left are stage crew members Wayne Hinkel and Carol Hagstrom at the stage controls before the opening of the Speech Club's final production. Steve Haley and Ron Mitchell are also members of the stage crew.

Busy Mr. Keilman steals a moment from his hurried day to have his likeness reproduced. If he isn't cleaning up the furnace room, sawing off a lock, or fixing a broken window, he's doing some other school task. Reliable, dependable, and faithful, Mr. Keilman is a valued member of the school staff.

COMET

One of the brightest stars in the school is the Comet, the newspaper which is published every month. Membership on the staff is an honor coveted by practically all seniors. Here staff members Pat Marcinek, Florence Stamos, Louis Miller, Bill Downing, and editor Barbara Adair are working toward publication of the next issue.

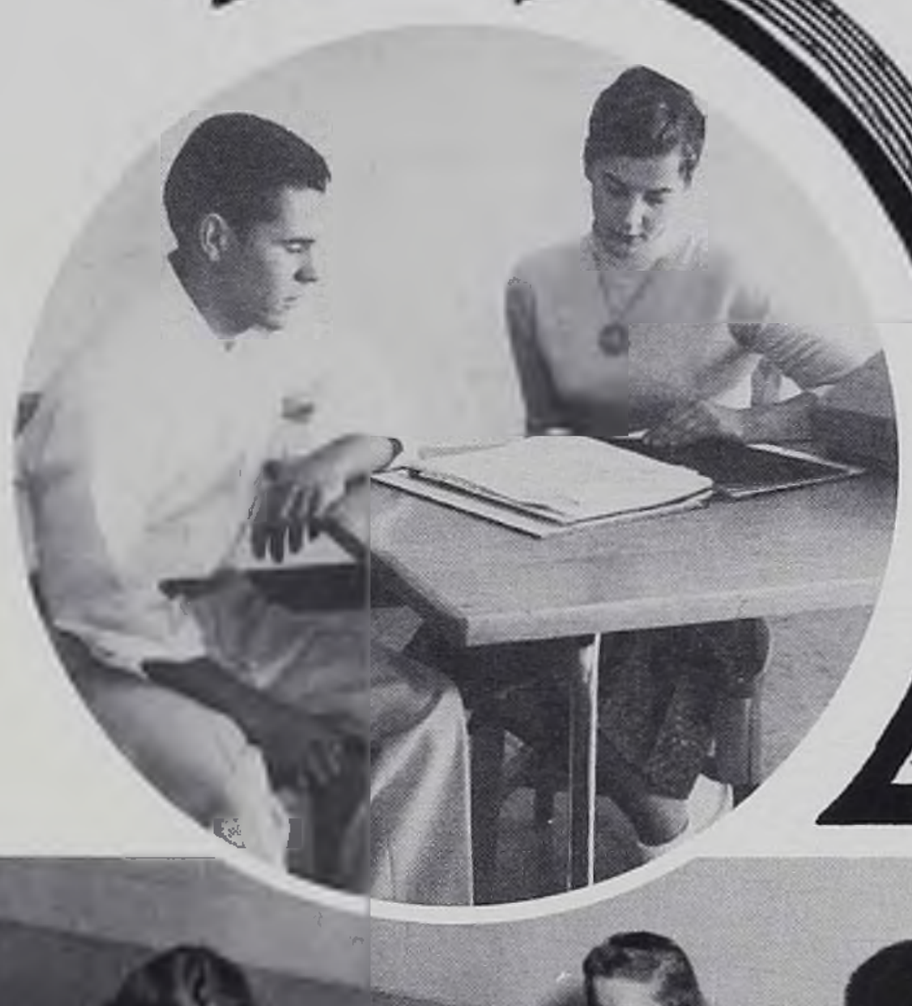
Pat Fogarty, Vernon Holzhauer, Miss Pierce, Sponsor, Larry Jastrzab, Jackie Cassel, Rosie Franco, Dan Jostes, Darlene Schulte, Jim Gerlach and Doris Shelly are busy at work putting out the monthly Comet.

Echo Staff Sponsors Shamrock Ball

When the Echo Staff presented its Shamrock Ball, March 8th, the gym unbelievably turned into the Emerald Isle. In the center of the floor was a large golden harp above which floated an intriguing mobile made up of a colleen, a leprechaun, a harp, and a shamrock. After an Irish floor show, Donna Newlin, representing the Lettermen's Club, was crowned Queen of the Ball by Echo editor Tom Thiery. Music by the Stardusters kept all the colleens and laddies moving rhythmically across the floor, and St. Patrick himself would have been bedazzled by all the youth and beauty.

Irish hearts were beating fast when a prolonged drum roll preceded the announcement of which fair maiden was to be crowned queen. The picture below shows Echo editor Tom Thiery bestowing this honor on the Lettermen's Club's candidate, senior Donna Newlin. The other candidates, FROM LEFT TO RIGHT ARE: Diana Duncan, Miss Sunshine; Bea Collard, Miss Latin; Lenore Redar, Miss Echo; Pat Marcinek, Miss Comet; Bettie Ross, Miss Home Economics; Eileen Hoffman, Miss Music; Gloria Hutchings, Miss Commerce; Sharon Dewes, Miss Pep; and Sandra Krager, Miss Speech.

Don Light, circulation; Wayne Hinkle, ads; Carl Hagstrom, business manager; Sandra Piper, circulation; Tom Thiery, co-editor; Mrs. Ainsley, sponsor; Edith Bremer, co-editor; Herb Gerlach and John Seifert, ads.



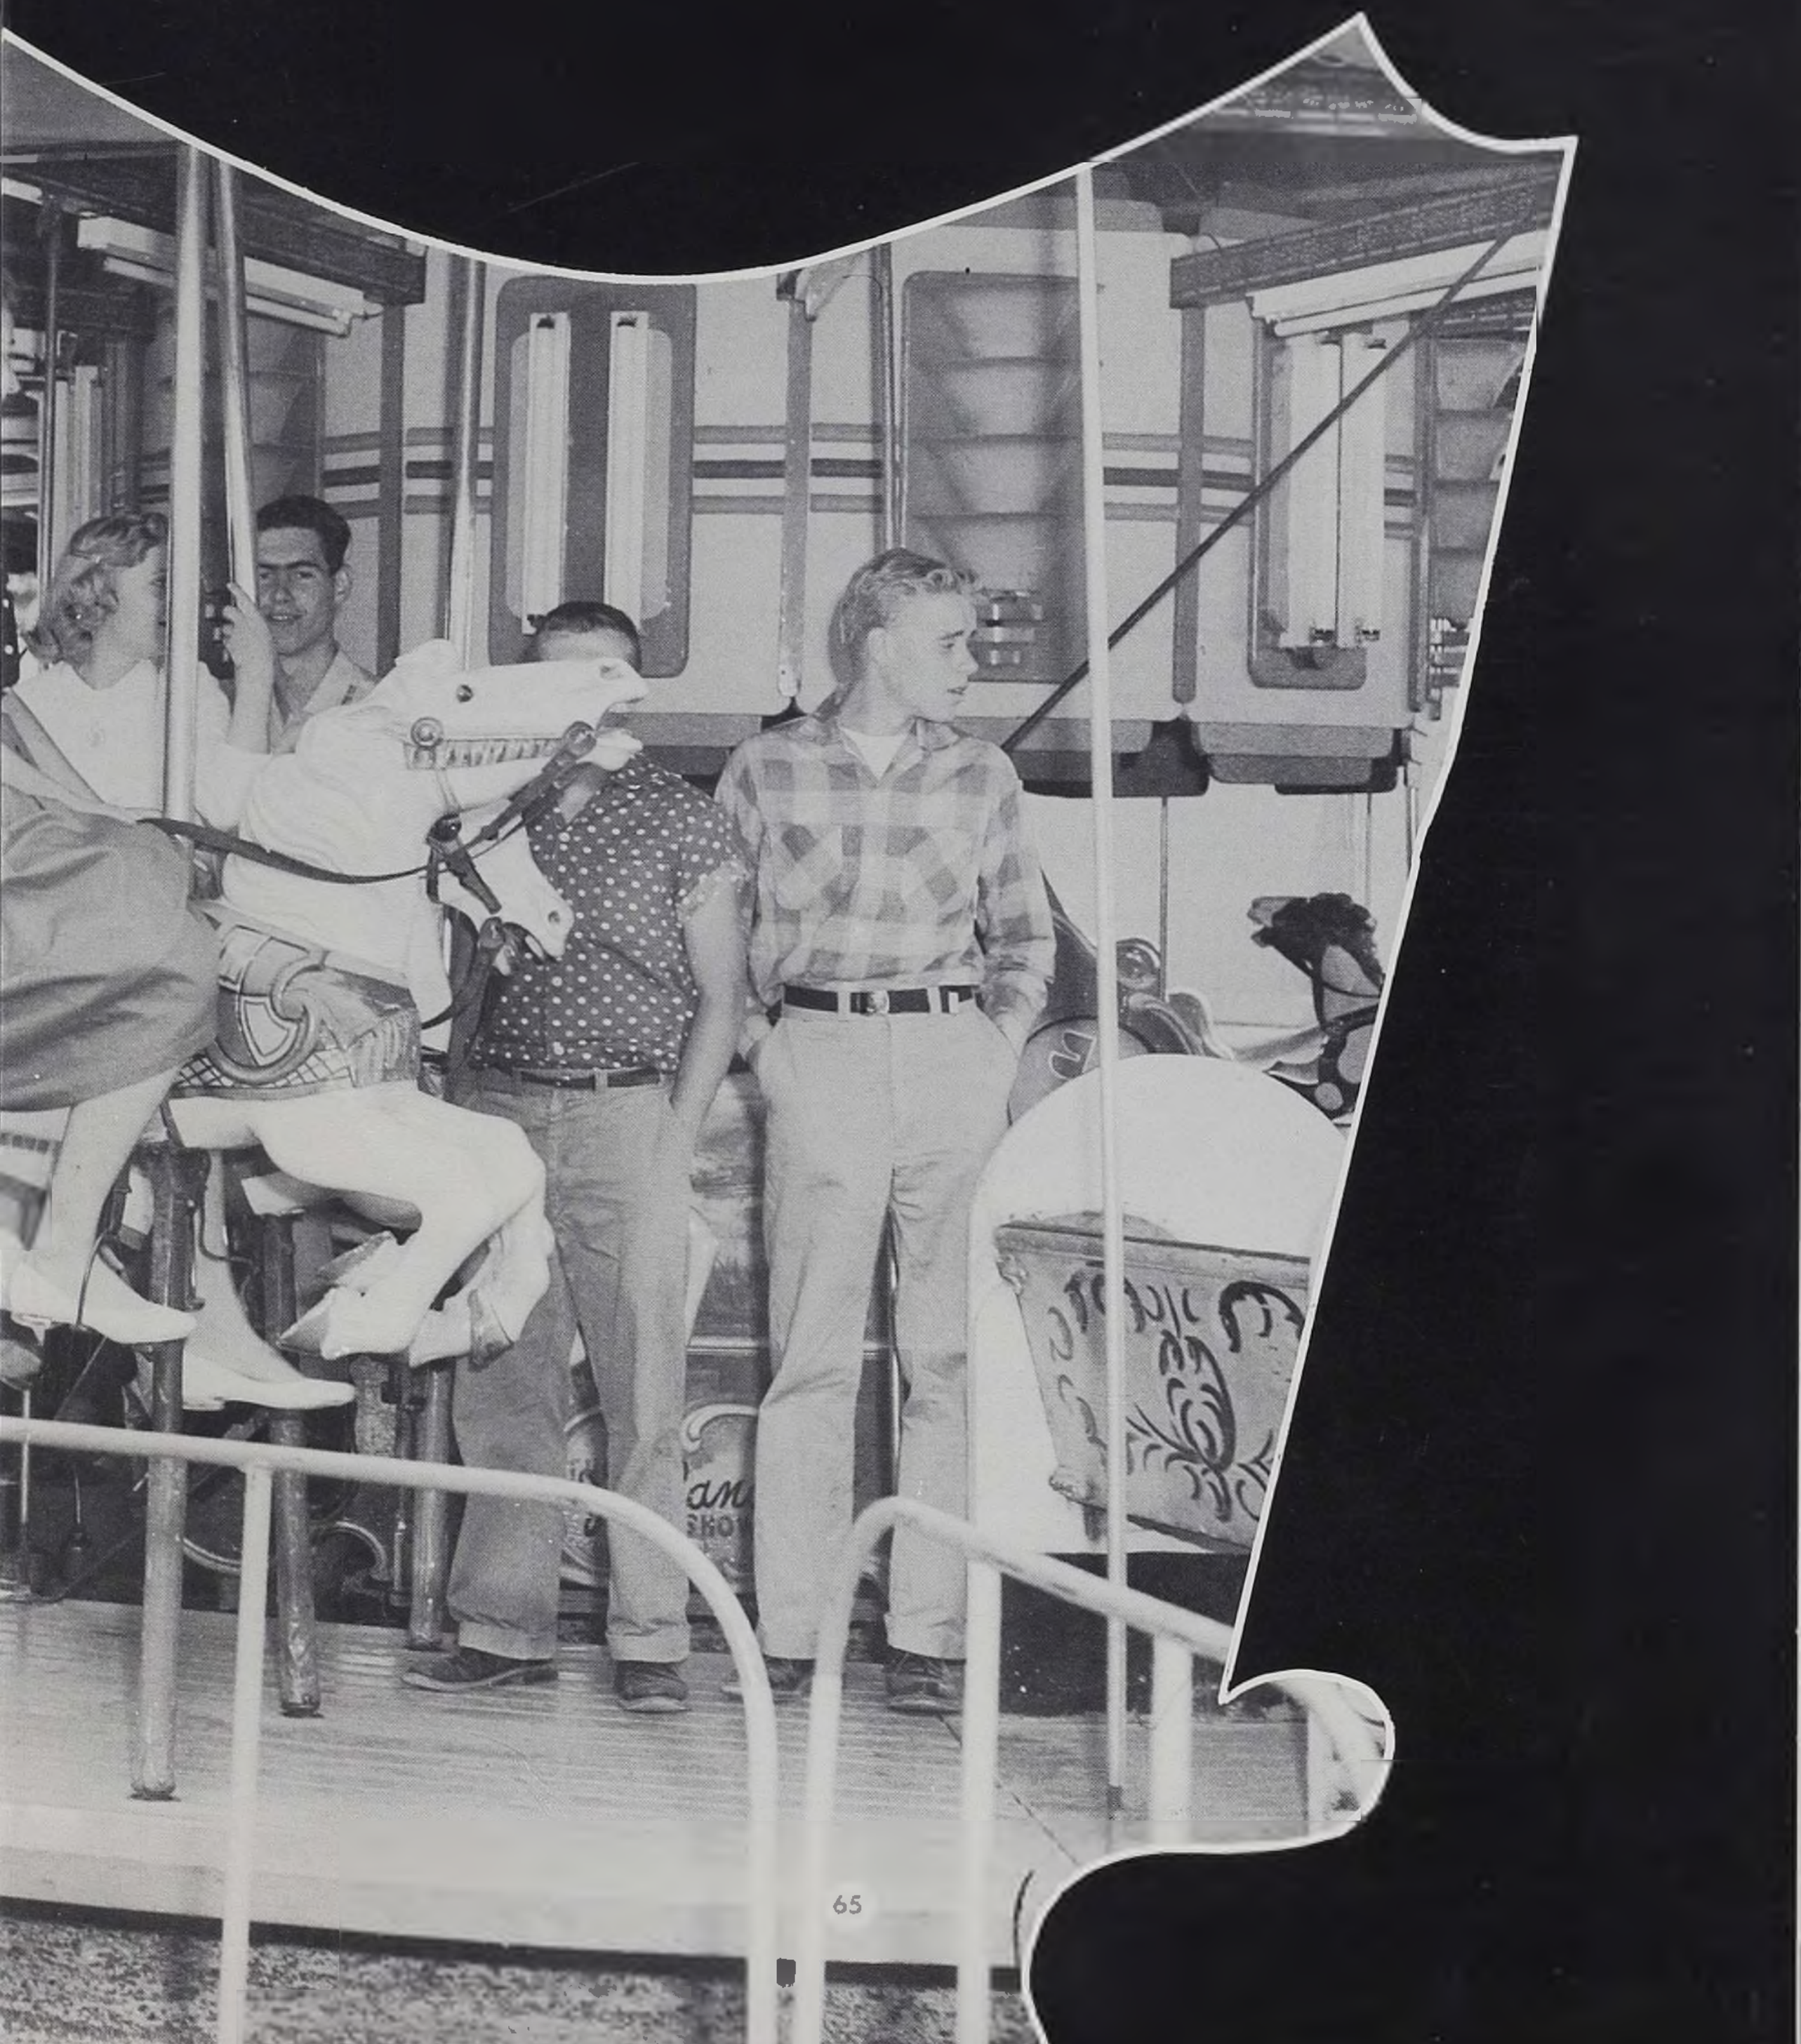
Echo Staff Writes the Review

Layout forms, T squares, rulers, rubber cement, croppers--these are only a few of the tools used by the ECHO Staff during the frantic weeks of preparation for a yearbook. Copy, copy, and more copy must be written, pictures of every kind and description must be taken, and all the facets of school life must be covered. In the picture at the left, Vernon Roe (sports) and Donna Newlin (pictures) are taking a critical look at the dummy.

Bettie Ross, pictures; Susan Full, activities; Eileen Hoffman, copy; Laurie Gettler and Lenore Redar, activities; Jack Morley and Dick West, sports; and Margaret Patnoe, copy.

The Curtain Rises

On Summer Fun



Lake County Fair

Waiting patiently to start a day of excitement at the Lake County Fair are Carl Hagstrom, Tom Thiery, Herb Gerlach, Donna Newlin, Laurie Gettler, and Bettie Ross.

With light hearts, expectant spirits, and ready money, Eileen Hoffman, Marge Patnoe, and Susan Full buy their tickets to the first day's session of the Lake County Fair. No doubt they are wondering if strange and unpredictable adventures will befall them ere the end of the day, and assuredly they will be fascinated by the panoramic exhibits, the colorful amusement strip, and the exciting entertainment.

Lures Dyer Students

"What will it be, thrill or torture?" asks Dick West of Eileen Hoffman as he takes his first ride on a ferris wheel. The scene is the Lake County Fair where the rides are a top attraction.

High above the rides, amusement stands, and rushing people, Sandy Piper and Bettie Ross smile at a friend in the crowd. Nothing could be farther from their minds than the English themes, geometry theorems, and lab experiments awaiting them in September. Ah, well, "All work and no play makes Jack a dull boy!" 'tis said.

Fun For All...

To the Dyer students who go to the Lake County Fair it seems like hours before the sleepy eyed concessionaires start the always thrilling rides. One of the favorites is the Twister, which spins and lurches and jerks in a terrifying manner. Here the camera caught Donna Newlin, Laurie Gettler, Sandra Piper, and Edith Bremer surviving one of the milder turns.

Sandra and Edith, their hair whipping in the wind, call for more speed.

Eileen Hoffman, Margaret Patnoe, Susan Full, and Bettie Ross glance toward the photographer during a quiet moment of the ride.

. . . And All For Fun

Whether very young or very old, everyone enjoys riding the merry-go-round with its colorful horses and rollicking music. Riding their gallant steeds with commendable bravery are Margie Patnoe, Susan Full, and Edith Bremer. In the background stand John Seifert, Dick West, and Herb Gerlach, ready to leap to the rescue if one of the white chargers get out of control.

With a do or die expression on her face, waitress Pat Hovey takes the orders of three hungry seniors: Sandra Piper, Edith Bremer, and Laurie Gettler.

Eat, Drink And Be Merry

Tired and thirsty after roaming through many rooms of exhibits at the Fair, Tom Thiery, Herb Gerlach, and Dick West stop at a refreshment stand presided over by Pat Cavan. "Drink up," says Pat to the expectant boys.

No sooner do the girls arrive at the Fair than they head for the cotton candy booth. Donna Newlin, Edith Bremer, Eileen Hoffman, and Susan Full are shown here receiving the airy confection from the pleasant woman who runs the stand.

From Cake To Kitchen

4-H exhibits draw many high school visitors, particularly the ones showing tempting pies and cakes. Here, Carl Hagstrom, Tom Thiery, and Dick West restrain John Seifert as he tries to slip a piece of cake from the display case.

All high school girls are potential home-makers, and consequently interested ir kitchen equipment. In the accompanyinc picture Donna Newlin, Edith Bremer, anc Bettie Ross are examining a modern polishec steel range while Sandra Piper and Laurie Gettler consider the advantages of a stain-less steel double sink

Automotive Exhibits . . .

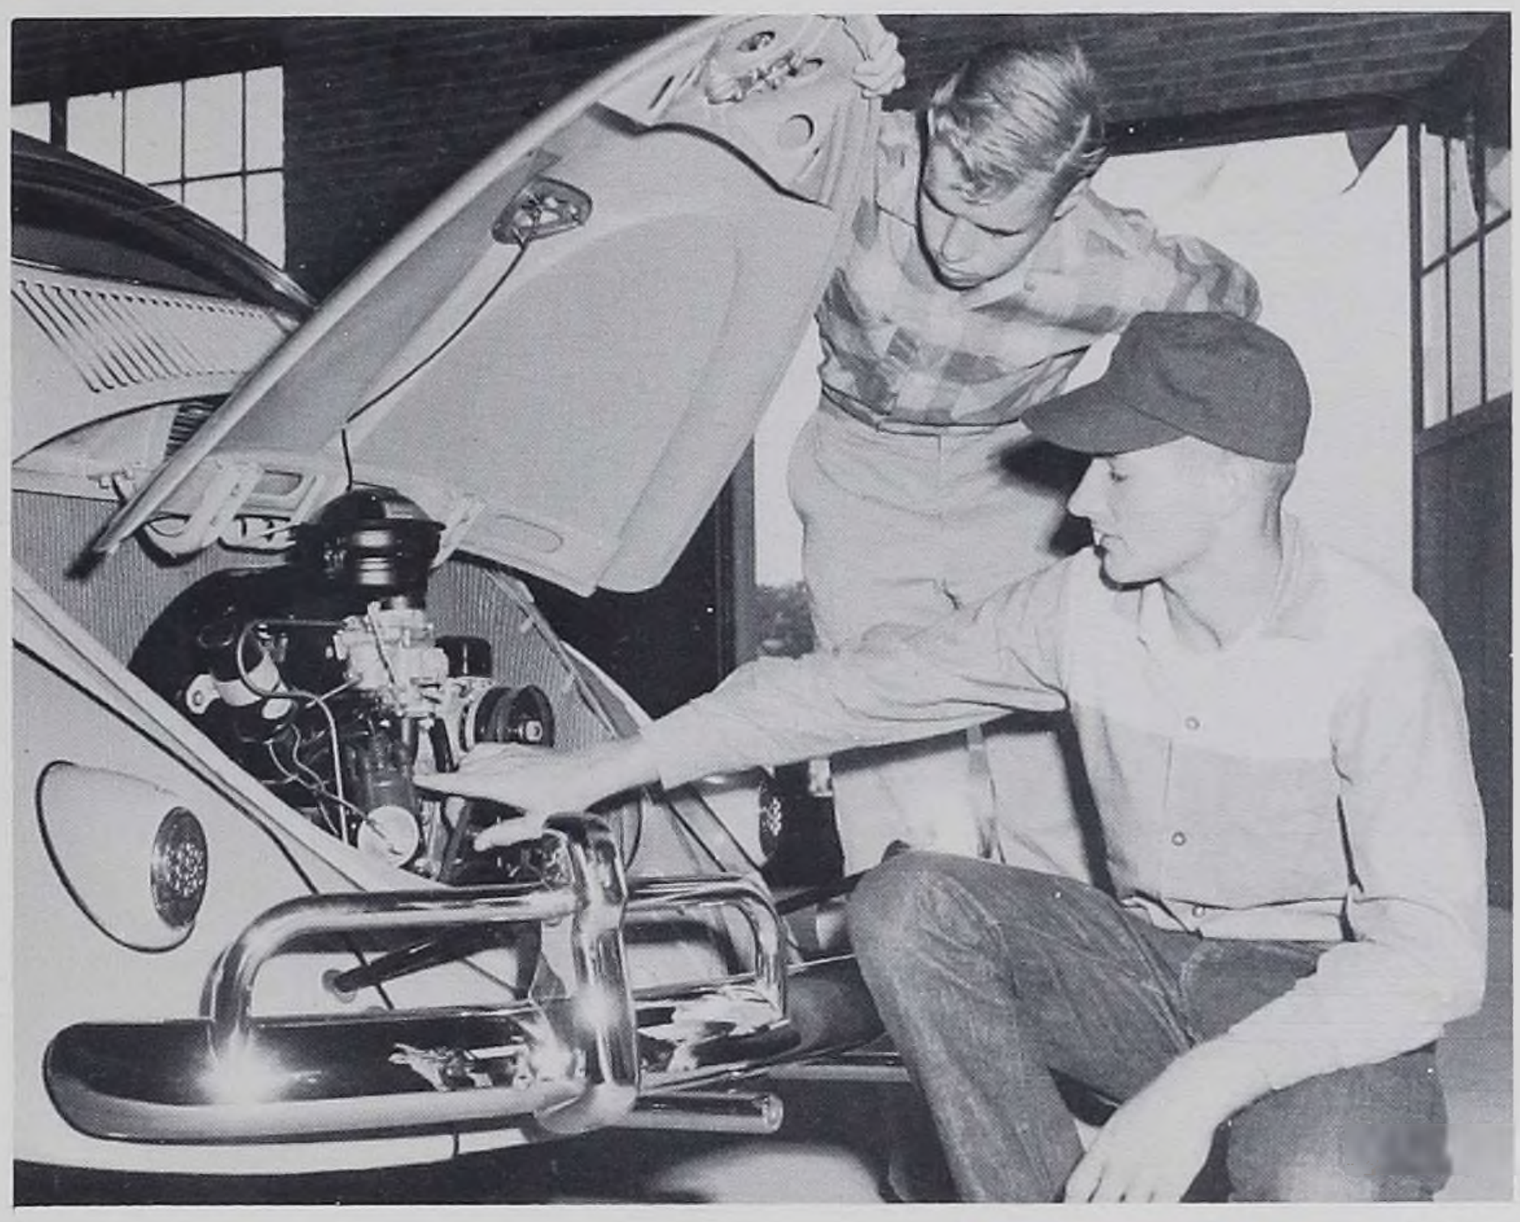
In perhaps no country in the world does the teen-ager have as deep an interest in automobiles as in America. Consequently, the exhibit of new automotive developments attracted many high schoolers. On these pages Dyer students are shown studying some of the improvements in engine design.

Edith Bremer, Susan Full, and Margaret Patnoe try to appear interested in engine mechanics although all they really want to know is, "How fast can it go?"

John Seifert shows Eileen Hoffman how he would skillfully avoid an imminent collision.

Edith Bremer demonstrates the ease of handling a car with power steering while Herb Gerlach, Carl Hagstrom, Eileen Hoffman and John Seifert watch with slight scepticism.

. . . Attract Teen-Agers



American boys always want to know what makes a car behave the way it does. In the picture at the left, Dick West and Herb Gerlach are scrutinizing the heart of the metal monster.

"Is this a mirage?" says Bettie Ross (right) as she sees Margaret Patnoe sitting on the luxurious seat of one of the flashy new cars. Margaret is wearing the proud smile of imaginary ownership.

George Monix (right), Dyer alumnus, shows his 4-H steer which won Grand Champion in the dairy class at the Lake County Fair. The identity of the exhibitor on the left is unknown.

Dyer Students Win Honors

While waiting for the judging to start, Darlene Shulte gives her sleepy-eyed shorthorn steer a last minute going over.

John (Crocket) Seifert and (Dead Eye) Dick West try their luck at the shooting gallery as Herb Gerlach, Carl Hagstrom, and Tom Thiery look intently at the target.

From Fact To Fancy

Mrs. Ainsley's little granddaughter, Cindy Jones, gazes with awe and wonder at the colossal tin soldiers as Eileen Hoffman and Marge Patnoe prepare to enter the land of make-believe.

Summer Employment

Many Dyer students find time in the summer for full or part time work, storing up funds for the many expenses of the year ahead. Marilyn Clemenz is shown here behind the counter of Gruenwald's, ready and willing to serve customer Dick West.

In the kitchen of Our Lady of Mercy Hospital, Rose Franco, Sharon Dewes, Dolly Bryant, and Margaret Patnoe check diet slips and prepare trays for their patients.

Summer Football Practice

Coach Van demonstrates the fine points of passing technique to Herman Monix, Herb Gerlach, Bill Rakoczy, Paul Burke, Bob Kilander, Jim Topa, and Jim Tewell.

One of Dyer High's hard-hitting backs, Jim Tewell, prepares to throw a long pass after the snap from team captain Herb Gerlach.

Back To School

Pat Cox, Mary Gaskill, and Ina Palmer are shown checking the just-delivered equipment for the student kitchen units in the home ec. department. Doubtless they are thinking of the delectable dishes to be prepared during the coming months.

The lazy summer days are over, and students, with a mixture of reluctance and anticipation, return to school. Here they are shown entering the west door of the new building, eager to see the new rooms and equipment.

The newly installed stoves in the kitchen of the cafeteria arouse the curiosity of Carol Dumbsky, Barbara Dumbsky, and Eileen Miller. Thousands of savory meals will be prepared here during the

The opening day of school finds many students ready and willing to finish installing equipment. In the manual arts room Barney Swinford, Bob Kilander, Jim Tewell, Tom Toth, and Tom Jostes work on the framework for shelves.

Students Lend A Hand

Walter Zidanich appears to be trapped in an empty crate; perhaps he is playing it cagey.

With senior boys as crew, the assembling of the new lockers is speedily accomplished. The group in the foreground is made up of Larry Burke, Doug Patterson, Jim Wittgren, Ray Wilson, and Clifford Hall.

Many Hands Make Light Work

On the first day of school shop students Joe Hagiyi, Ken Mager, Tom Keilman, Ed Ligus, Dan Lane, and Clarence Kistler happily build a cupboard for storage of the new tools they will be using on their favorite projects.

Living up to their reputation for being always hungry, these senior boys are caught by the cameras eye as they wolf a cake between classes. They are: (standing) Tom Thiery, Don Light, Dick West, John Seifert, and Jack Morley; (sitting) Wayne Hinkel and Carl Hagstrom.

The End Of A Perfect Day

The first day of school comes to an end, and students head for the busses and home. Realizing that a picture is being taken, some of them turn around to see the camera. Mr. Protsman, as always, keeps a keen eye on arrivals and departures.

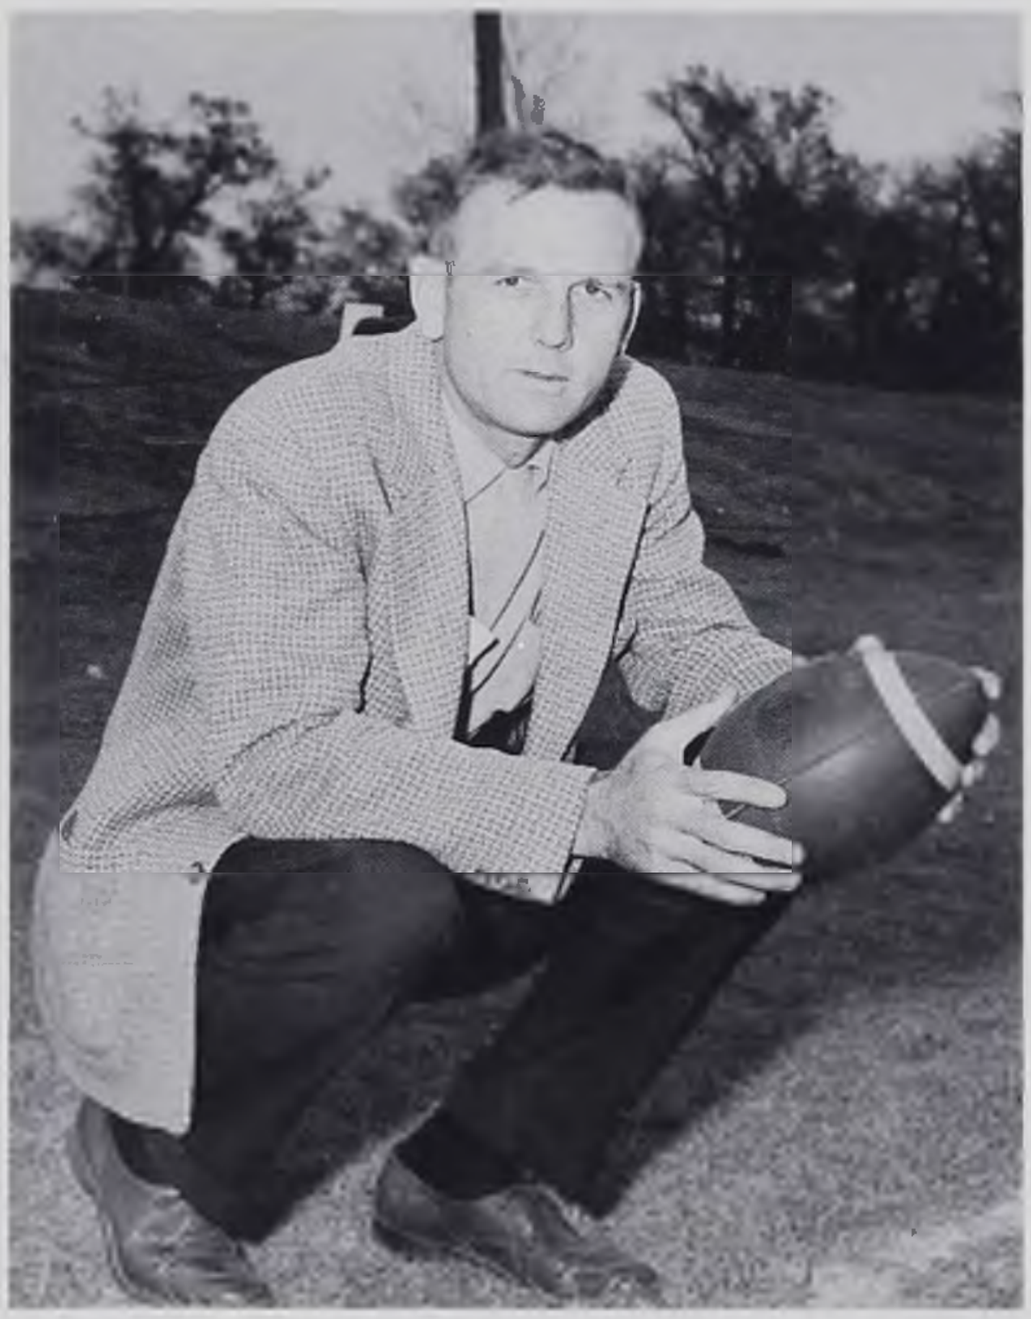
Three juniors, Eugene Grothaus, John Jones, and Marilyn Smith, take time out from class to check the appearance of the new wing against the blue print. Perhaps they are wondering how long it will be before the central part of the new school occupies the spot where they are sitting.

The Curtain Rises

on our Athletes

The Football Coaches Set The Stage...

Football techniques are learned in the classroom as well as on the playing field. Coaches spend many hours diagramming plays and explaining football strategy. In the picture above, quarterbacks Bob Kilander and Tom Freeman are being given the final word on the split T formation by Coaches Vanderkolk and Manchek.



CORNELIUS VANDERKOLK has just completed his seventh year at Dyer as instructor in phys-education, teacher of driving, coach of football, and friend of everyone. Before receiving his master's degree from Purdue, he attended St. Joseph's College and served gallantly with the marines in the South Pacific. He later played pro-football with the Chicago Rockets, and then served as Athletic Director for Marmion Military Academy at Aurora, Illinois. Because of his thorough understanding of football, his unflagging efforts to build a winning squad at Dyer, his skill in making competent drivers out of timid and inexperienced students, and his unfailing dignity and friendliness, he has won the respect and loyalty of the school and community.

Coach Albert Manchak did a fine piece of work as he assisted Coach Vanderkolk. He also coached the reserve squad in which future Dyer stars get training in basic grid techniques.

The able leadership of captain Herb Gerlach encouraged teamwork, and piloted the Indians through many a rough contest.

The managers, Doug Cashman, Don Nondorf, and Ray McMullen, worked hard during the season taking care of the costly equipment.

Trainer Roy Probasco applies first aid to a wounded Indian's husky leg. Ray's faithful attendance at every game was a contributing factor in the season's success.

Balcerak, P. Burke, T. Freeman, H. Gerlach, C. Schwander.

The Dyer Indians came through with a very successful '56 football season, finishing with a tie for second place in the Calumet Conference. Strong defense by the Indians plus a Lowell fumble resulted in a 6-0 victory for Dyer on September 4th. September 7th found Dyer picking up an extra point after a touchdown to trounce Portage 7-6. The Indians suffered three setbacks during the season at the hands of Gary Wirt, Gary Edison and East Gary on the 14th and 21st of September and the 5th of October. A strong defense combined with a brilliant backfield strategy defeated Westville on September 28th with a final tally of Dyer 12, Westville 6. The annual Homecoming game was a thriller this year as the Indians crushed Howe Military Academy 48-0. An 88-yard run by Jim Tewell got the Indians off to a fine start and paved the way for the defeat of the Crete Warriors, 6-0. The Griffith game was one of the most exciting of the year, as a 38-yard run after a pass reception, again by Jim Tewell, edged out the Panthers 26-0. The season ended with a 13-7 victory over Merrilville, to complete the season's record of seven wins and three losses.

Introducing Our Team

KNEELING: John Seifert, Allan Betz, Bill Homer, Bob Kilander, Jim Tewell. STANDING: Coach Robert Mygrants, Bob Schwenke, Roy Segert, John Pearson, Tom Thiery, Dan Jostes, and student manager Dave Doeing.

Dyer High's valiant basketball crew completed the season with a record of 10 wins and 10 losses. The varsity team boasted two new faces with 6'5" John Pearson (a transfer from Hammond High) at center, and Roy Segert, who has invaded the hardwood camp for the first time this year, as a substitute forward. Dan Jostes sparked the team from the forward position as he led Dyer's sharpshooters with 362 points. The Indians experienced one of the most thrilling moments in years as they romped to victory over East Gary (58-56) and went on to net the needed tally to defeat Lowell 55-53 at the Holiday Tourney in Lowell on December 22nd. The Indians wrecked vengeance on East Gary to whom they had bowed earlier in the season, before capturing the tourney crown.

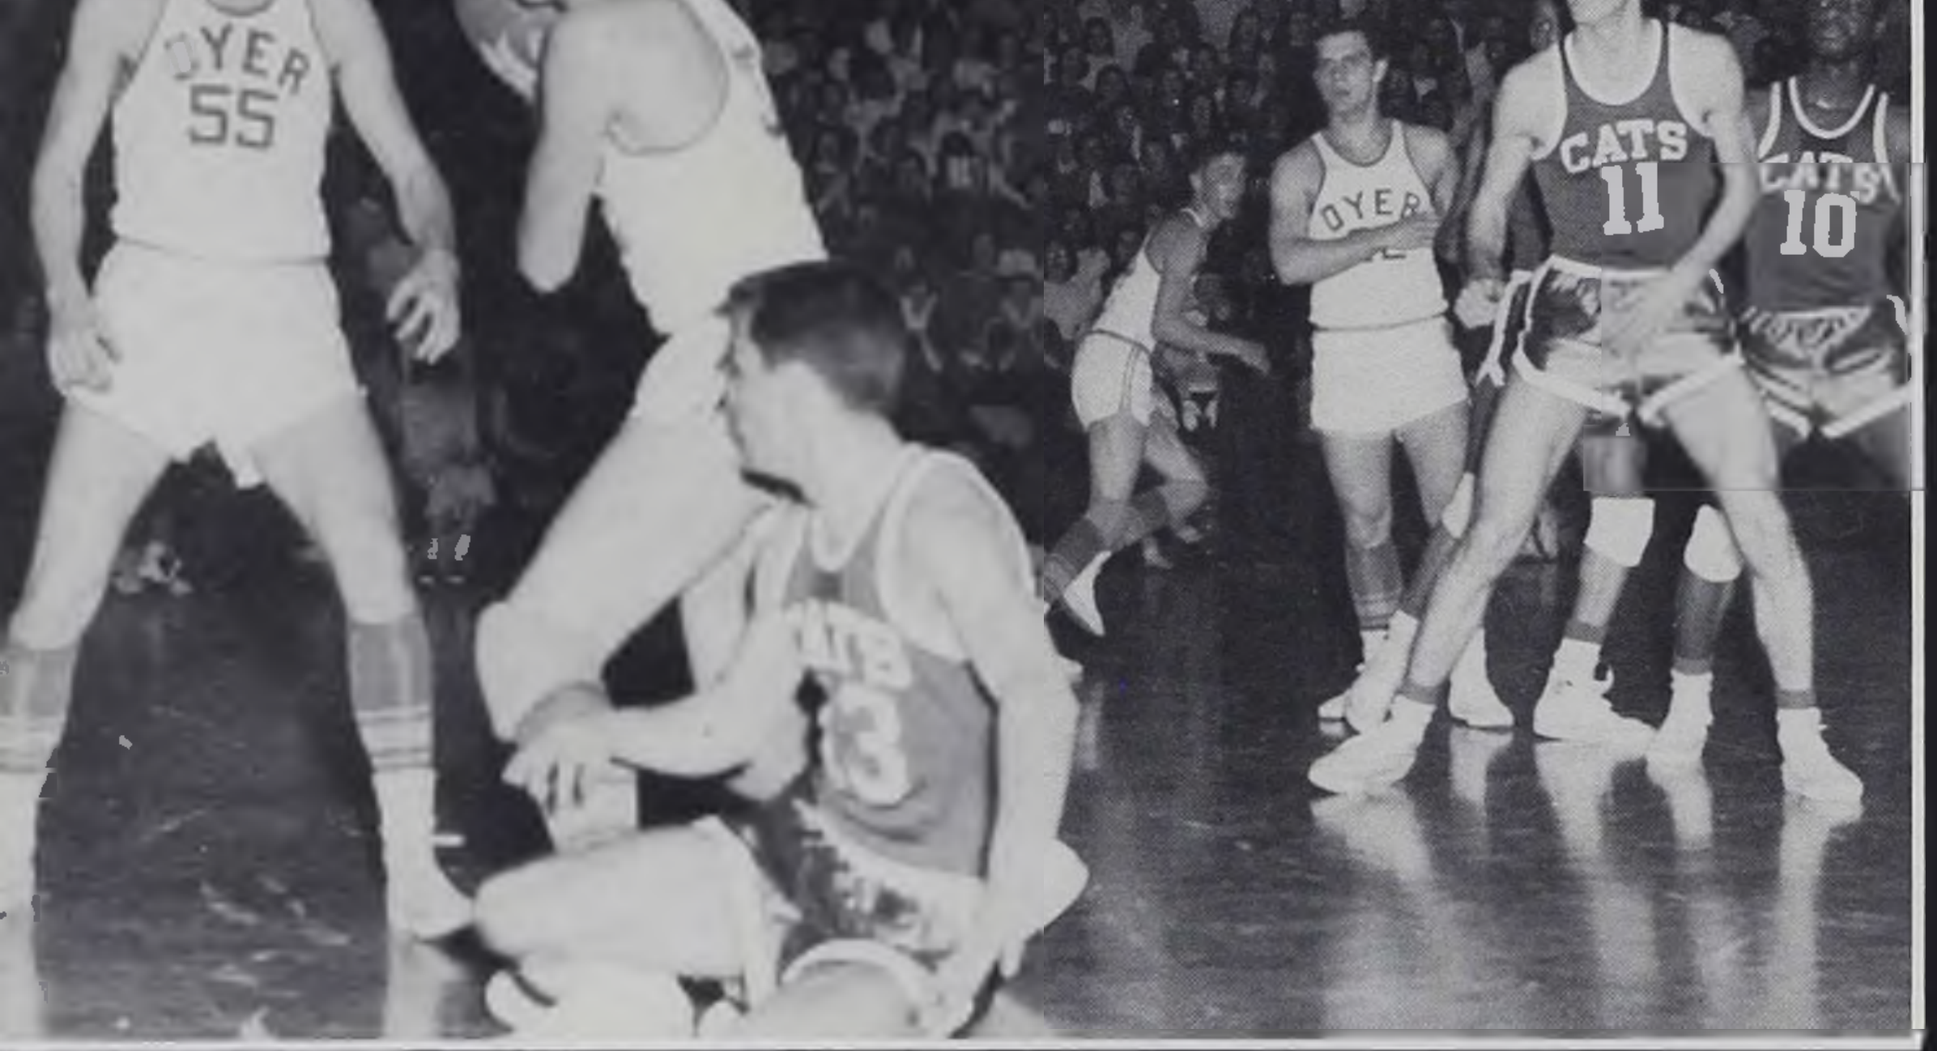
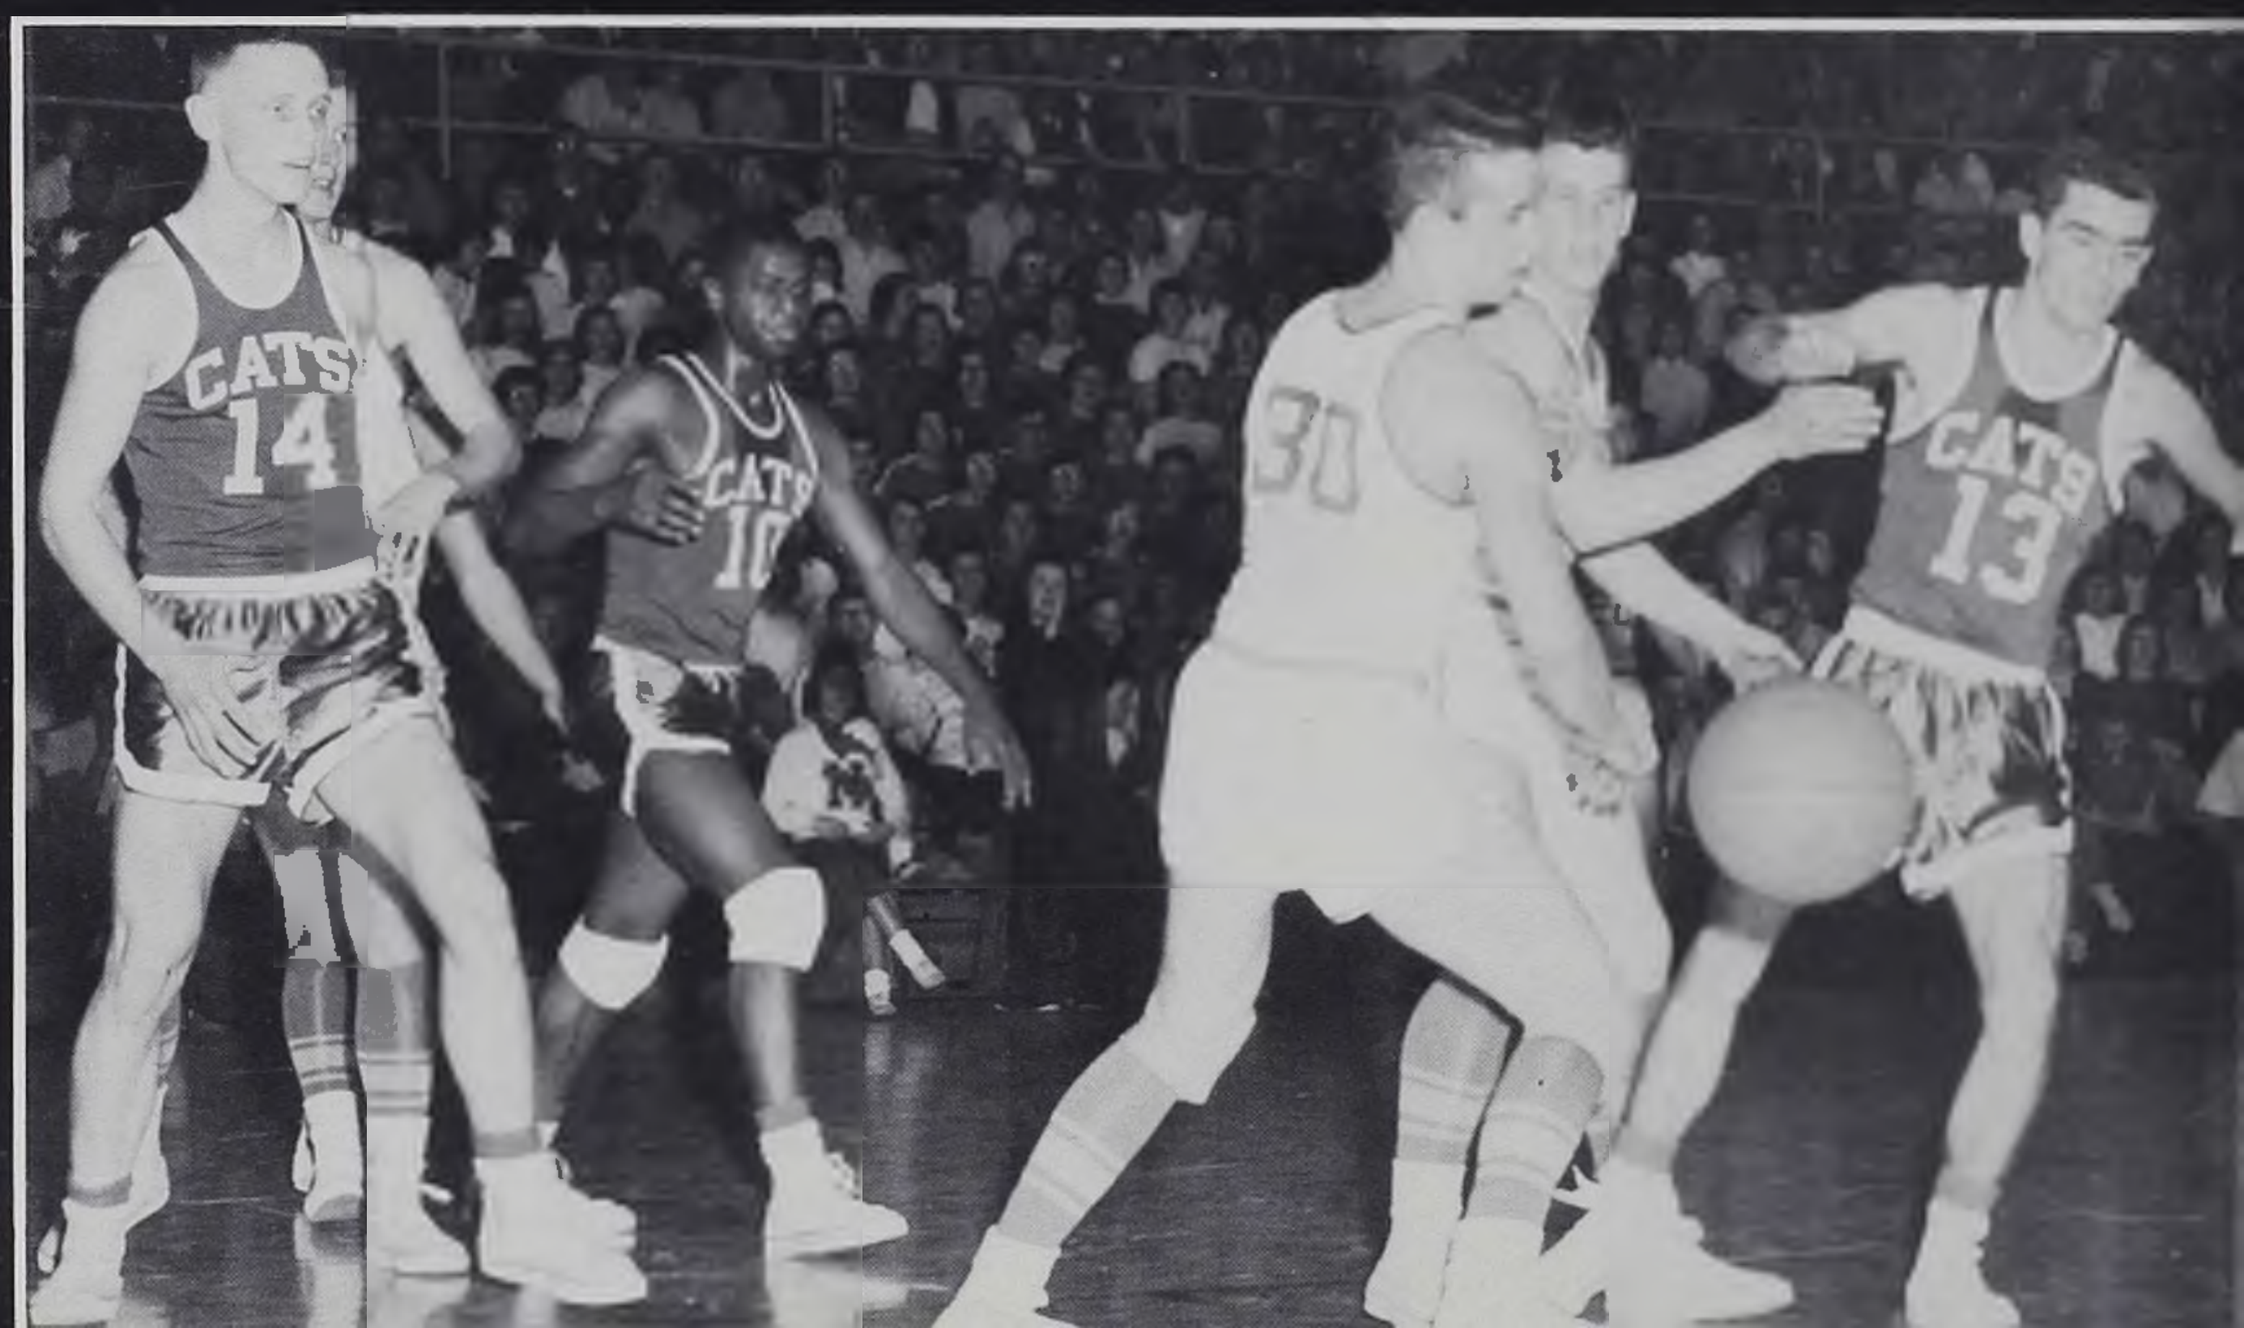
Indians Battle Hammond Wildcats In Sectional

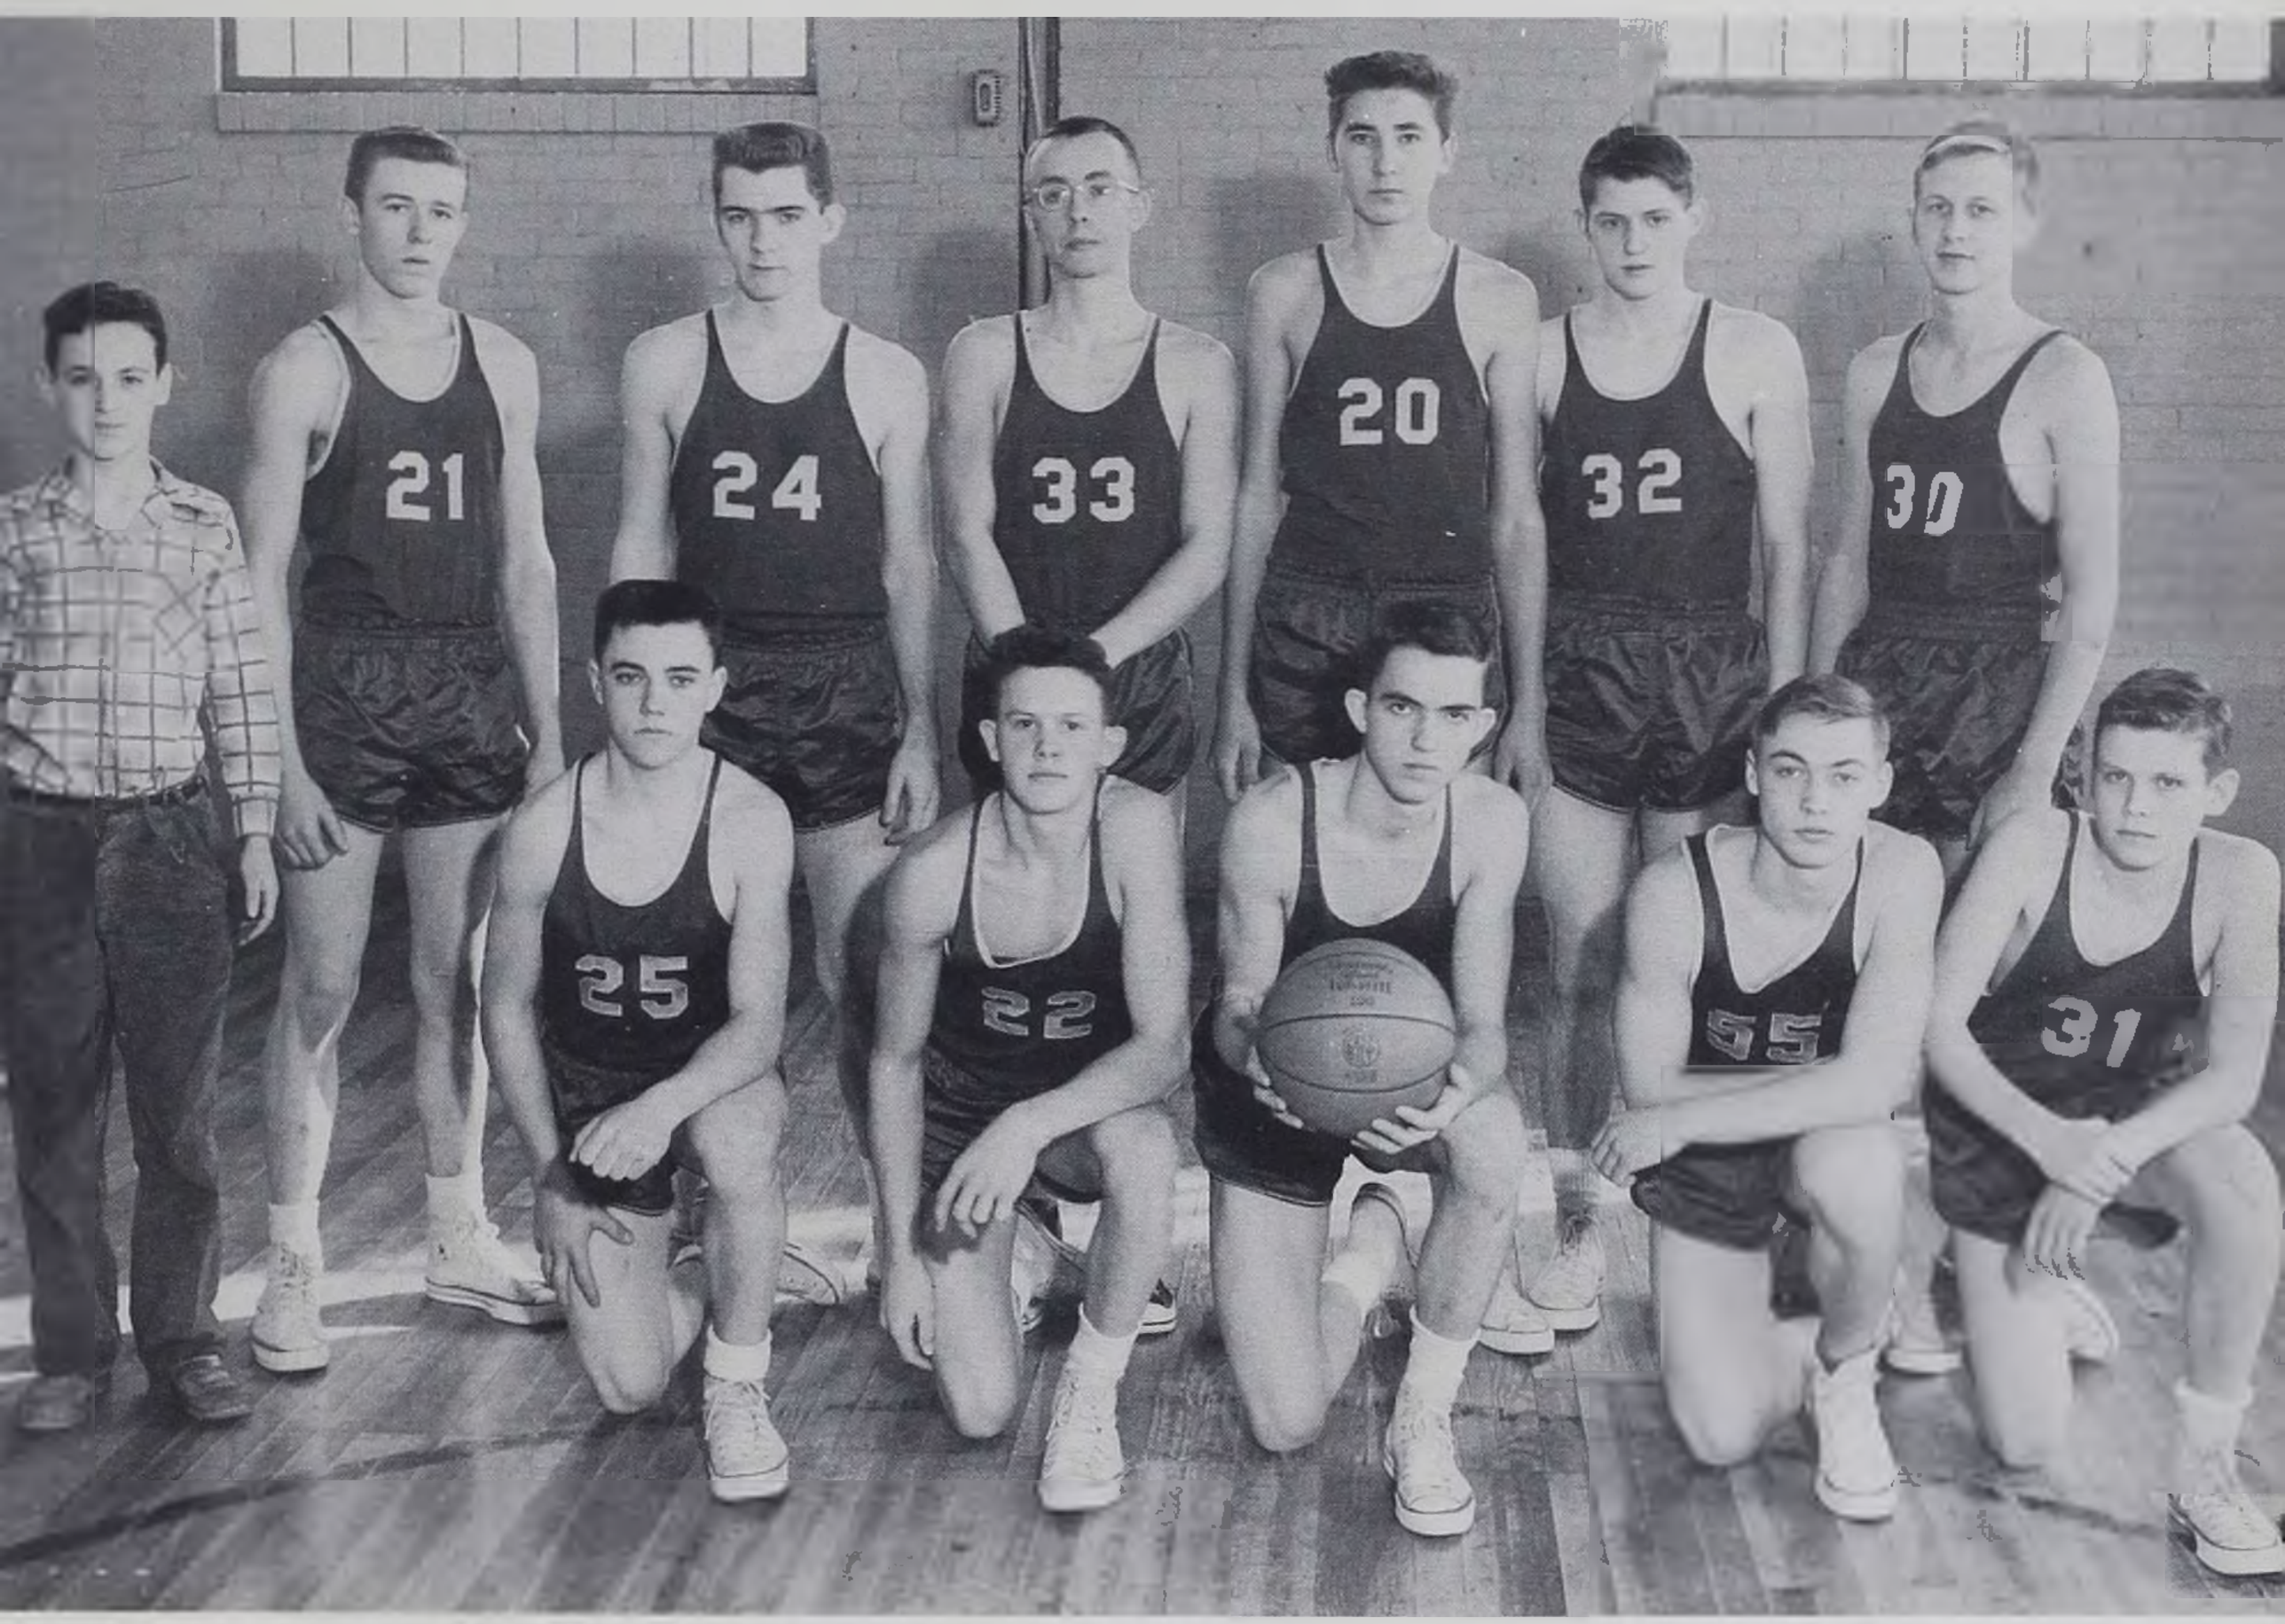


The Indians start a fast break after clearing a rebound from the boards. Tom Thiery holds the ball from a H.H.S. Wildcat. John Pearson (55) stands by to give needed help. Dan Jostes starts down the floor as Bob Kilander and three H.H.S. battlers look on. The Indians fought hard the entire game holding Hammond to their lowest score of the year. The underdog Indians gave H.H.S. a scare on a frigid afternoon before losing the contest.

Pictured below as they fight for a loose ball during the Hammond-Dyer game are Tom Thiery (30) and Jim Tewell and a few Hammond Wildcats. This is a typical shot of the hard fought game which the Indians dropped to the highly rated Cats, 51-34.



Young Indians Look Ahead



BACK ROW: Manager Tom Patterson, Tom Jostes, Tom Freeman, Leonard Yuknis, Jerry Patchman, Elbert Hedricks, Lorin Clemenz. FRONT ROW: Bill Crowley, Alvin Evans, Bill Weaverling, Bill Johanson, and Bill Matthews.

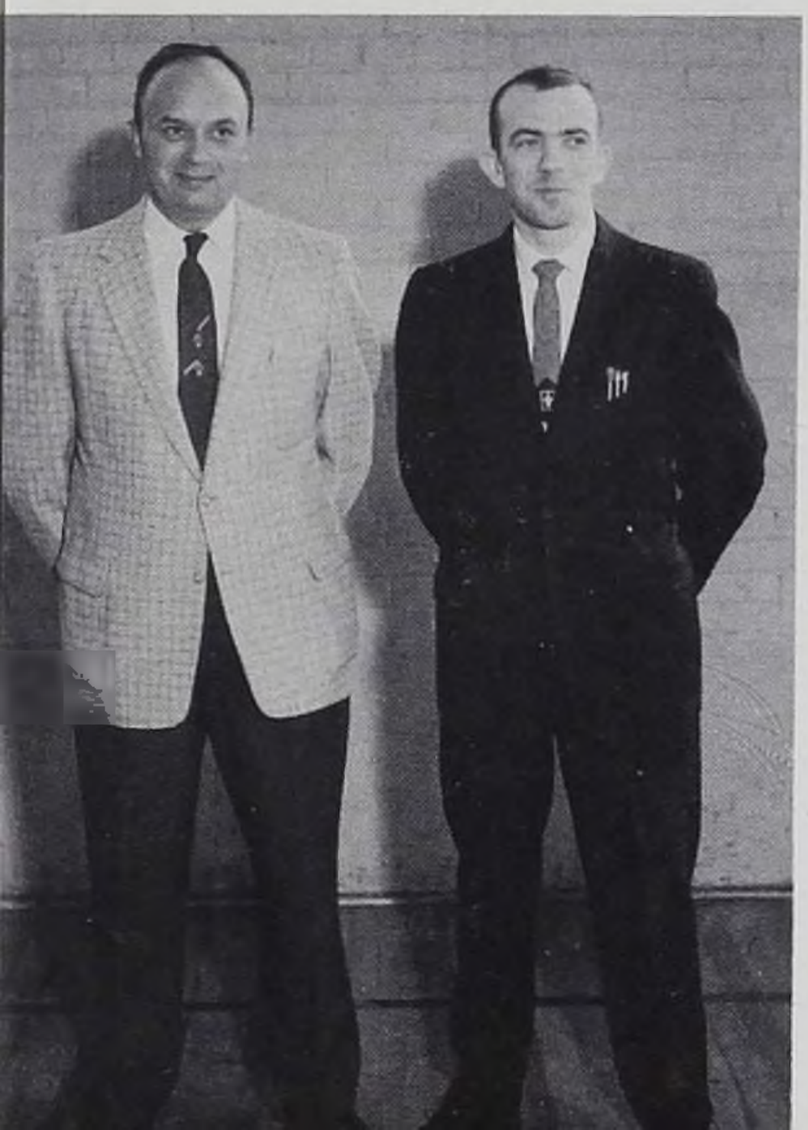
The B-Team finished the season with a record of six wins and eight losses. Tom Freeman was the leading scorer with 110 points. The most exciting battle of the season was fought December 7th as the red hot Indians edged out Mt. Ayr 33-32. Another highlight of the season was the Freeland Park game in which the Indians snowed under the Freeland crew by a score of 34-16. Although short in inches, the team was long on grit and enthusiasm.

Dyer Thin Clads Toe the Line

PICTURED FROM LEFT TO RIGHT ARE: Clarence Kistler, John Siefert, Leroy Miller, Jim Young, Roy Segert, Alvin Evans, Tom Thiery, and Robert Schwenke, the boys who made up Dyer's 1956 cross-country team. After hours of gruelling training they ran their first meet of the year at Gleason Park in Gary. Merrillville was the opponent and was defeated 41-14. Dyer placed eight of the first ten to finish. Coming across first was Tom Thiery, followed by Bob Schwenke and John Siefert. The story was different at Lowell as Dyer placed only three of the first ten finishers. The race was run over a very rough course consisting of sand hills, woods, and gullies. The third and final race of the season was run at Portage. Dyer dropped a close match to the host Indians as Bob Schwenke and Tom Thiery could not quite catch the Portage speedsters. The fastest times of the year were recorded by Tom Thiery, 10:19 against Lowell, Bob Schwenke, 10:35 against Portage, John Siefert, 10:47 against Portage, and Alvin Evans, 11:00 against Portage.

Dyer Nine Looks Ahead to Successful Season

STANDING: Herb Gerlach, Barney Swinford, Tom Freeman, Tom Thiery, Dan Jostes, Tom Jostes, Jack Morley, Coach Eberly. KNEELING: Al Betz, Bill Cox, Norman Houston, Tom Miller, Bob Kilander, Jim Tewell.



The Indians had a successful 1956 season on the diamond as they broke even with a record of 6 wins and 6 losses. Bob Kilander was a starting pitcher for the Dyer nine, in addition to pounding away in the batter's box for a brilliant average of .450. Kilander, who appeared in nine games, chalked up a record of 4-3. He was aided from time to time by Dyer High's ace relief hurler, Dan Jostes. Making his debut on the mound in 1956 was Al Betz, who engaged in a tense pitching duel one spring afternoon against Crown Point and came out on top. Juniors Dan Jostes (when not pitching) and Herb Gerlach occupied left and center fields, respectively. Jim Tewell handled the hot corner with characteristic speed and agility, and Vern Roe as catcher was instrumental in holding enemy base runners, as well as calming Dyer's frustrated speed ball artists. The Indians look forward to a fine season with many up and coming young players fighting for substitute positions, and eight upper class veterans returning to starting slots on the squad.

You're saying goodbye to your high school days—but you're saying hello to new, exciting days ahead. Congratulations and welcome to the future!

In this future, Inland Steel's opportunities are yours . . . opportunities open to high school grads.

If you have some mechanical training or aptitude, there are careers open in many fields: as machinists, welders, electricians, patternmakers, pipefitters, boilermakers. There are careers to follow in metallurgy and chemistry. And there are opportunities in the office and clerical fields. The job of production—making the steel needed to keep America strong—offers a challenge to alert, young men.

You can have a "get-ahead" future through Inland's training opportunities. You can get apprentice or on-the-job training to become more skilled in your trade. You also can get college training and a college certificate through the Purdue-Inland Training Program, a program where Inland sponsors you through this course at Purdue Extension.

Inland has been in the busy Calumet Region for more than a half-century. We'll be here in the future, too, because we're a basic industry, making a product used by everyone, including the housewife opening a can of peas and the G.I. firing an artillery shell.

Inland Steel Company serves the nation —and it can serve you, too, in the exciting days ahead.

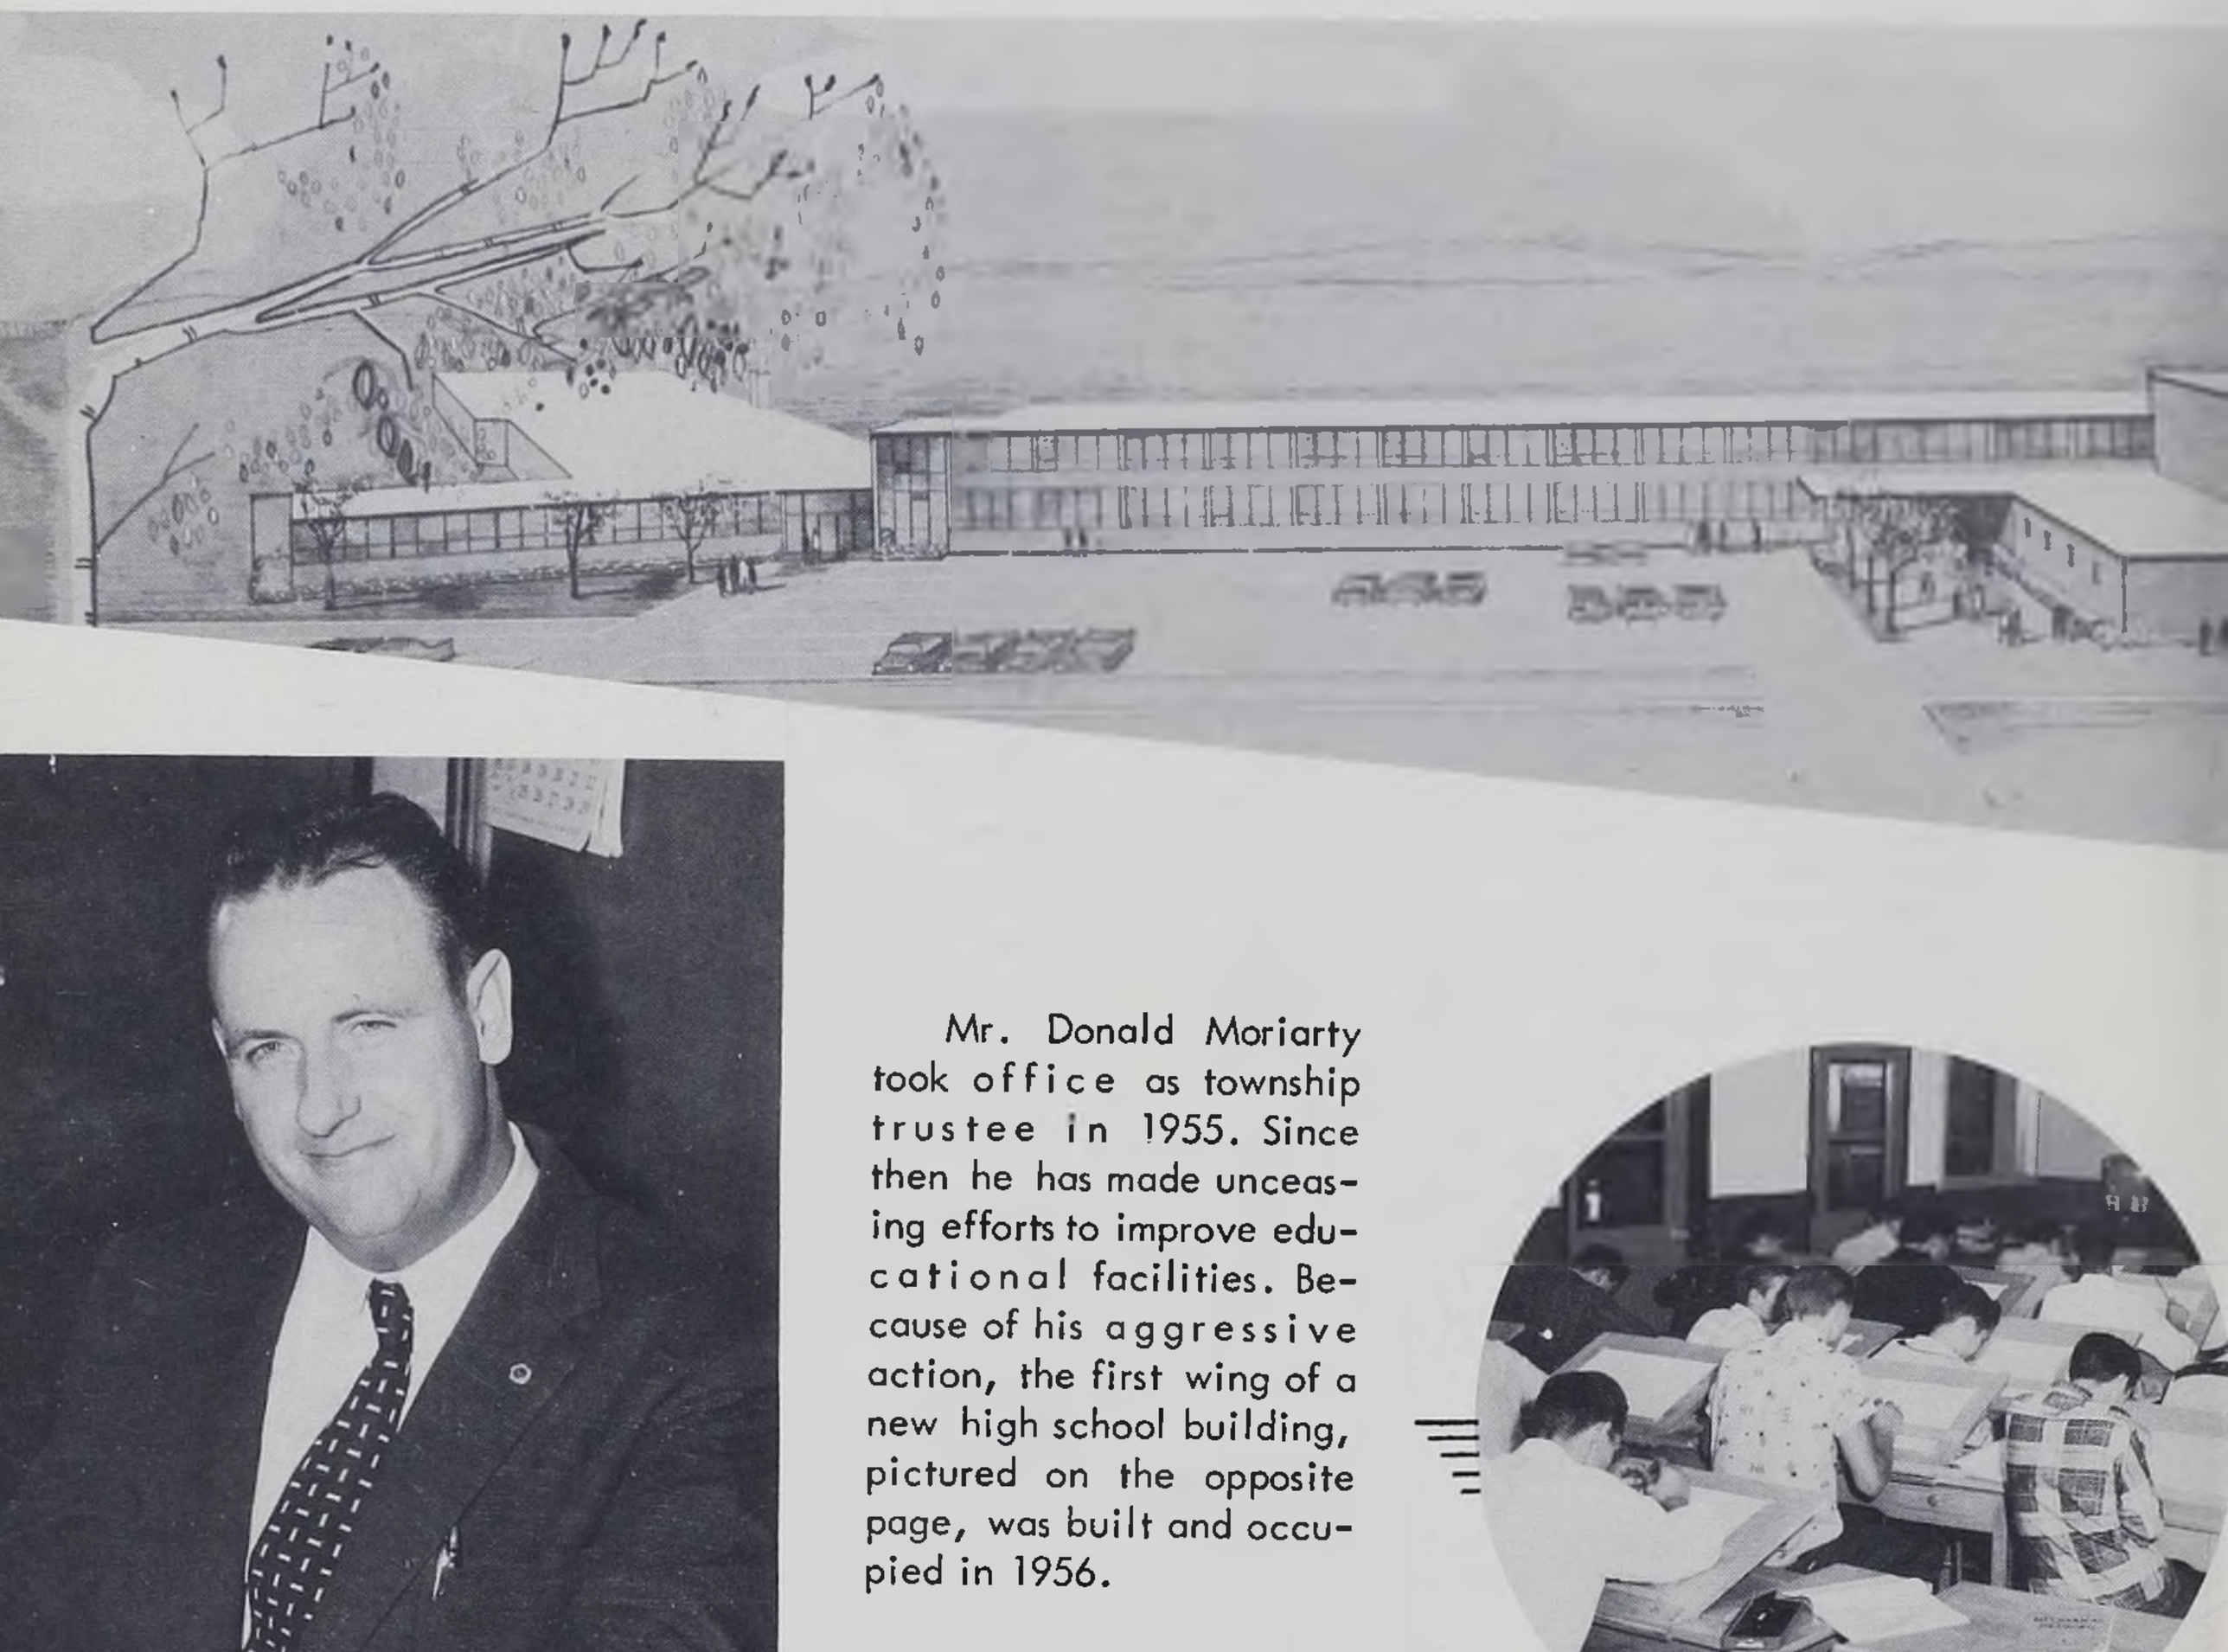
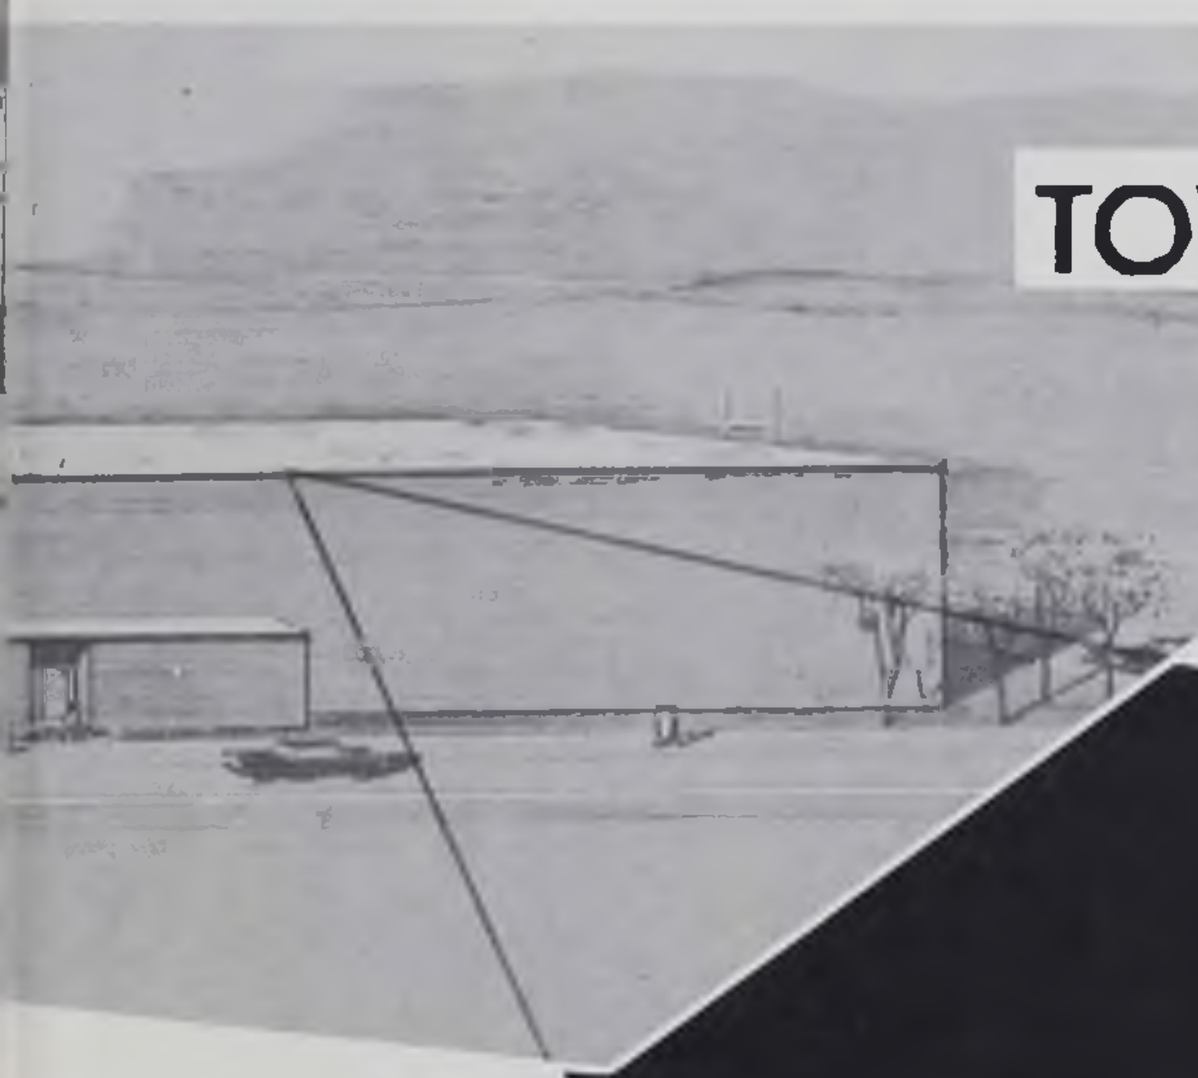
As County superintendent, Mr. Robert Brannock gave considerable assistance to the school officials in their successful campaign for a new high school. Mr. Brannock is now superintendent of the Crown Point, Indiana schools, and will be missed by the township schools, all of which benefited from his forward looking policies. His place has been filled by Mr. William Purcell, formerly superintendent of the Vigo County schools.



Mr. Donald Moriarty took office as township trustee in 1955. Since then he has made unceasing efforts to improve educational facilities. Because of his aggressive action, the first wing of a new high school building, pictured on the opposite page, was built and occupied in 1956.

To Mr. Bernard Jostes and Mr. Louis Cinko, members of the advisory board, Mr. George Bibich principal, and Mr. Nicholas Kuhn, board member not pictured, the community owes profound thanks for their unflagging zeal in securing funds for the new high school building, shown below. Students, faculty, and parents are all proud of the new rating as a First Class Commissioned High School.

ST JOHN TOWNSHIP HIGH SCHOOL
DYER, INDIANA



The completion of the first wing of the new building has made possible the teaching of mechanical arts. A modern cafeteria with coke bar, a music room with practice booths, and completely equipped science laboratories are housed in this airy, spacious building.

Lots of luck to my eating pal Jerry Cranny '58. Don't sleep in Shorthand.

Best of luck to a very sweet & Senior & Jr. Lenda '60

Loads of luck to my S.S.S. big sister! Gwen '60

The 1957 ECHO staff wishes to express its deep appreciation to the many people who have assisted in the preparation of this year's book: Dorothy Ainsley, the patient and sympathetic adviser; Jerry Cranny, the able representative of Myers Yearbooks, Inc.; the competent staff photographers of Root Studios; the helpful and co-operative members of the faculty; and the loyal advertisers whose support is vital to yearbook production.

Lots of luck
